Can I skip or complete my RealAge later?

Yes. To pause the RealAge assessment, Select the “Quit” button, located near the top right side of the screen. The next time you come back to the RealAge, you will pick up where you left off. All responses in the RealAge are saved as you complete them.

Once I'm ready, how do I take or complete the RealAge Test?

Web-

- Sign into your Sharecare account at sharecare.com and enter your login credentials
- From your profile, choose the "you" button
- Select the "start test" button

iOS-

- Launch the Sharecare app
- Once signed in, tap the profile icon (second from the right)
- To begin the test, tap the "determine your RealAge" button
- When prompted to answer a question, select the appropriate choice and then tap the "next" button

Android-

- Launch the Sharecare app
- Once signed in, tap the three-line menu icon in the upper left corner
- Select RealAge
- When prompted to answer a question, select the appropriate choice and then tap
- the "next" button
