Privacy Policy

The following excerpts are from Sharecare's Privacy policy with regards to data security and privacy:

We will not share PHI with your Employer.
We will not share your PHI with your employer for employment-related purposes. We may only share the information needed for your employer to deliver programs. For example, we may share completion status of a wellness plan requirement but not the actual results of the required action.

How We Protect User Information
We work hard to protect Sharecare and our users from unauthorized access to or unauthorized alteration, disclosure or destruction of information we hold. Sharecare is committed to using industry-leading security practices such as ISO27001 and HiTRUST. In particular:

- We comply with HIPAA's security rule
- We encrypt many of our Services using SSL.
- We review our information collection, storage and processing practices, including physical security measures, to guard against unauthorized access to systems.
- We restrict access to personal information to Sharecare employees, contractors and agents who need to know that information in order to process it for us, and who are subject to strict contractual confidentiality obligations and may be disciplined or terminated if they fail to meet these obligations.

We keep personal information housed on servers in the United States. If you are located outside of the United States, information we collect (including cookies) are processed and stored in the United States. By using the Services and providing information to us, you consent to the transfer to and processing of the information in the United States.
