** Minimum \$5.00 charge for use of scale at Regional Landfill and Transfer Stations.

¹ Out-of-SWMA solid waste is generated in another county, Western Lake Superior Sanitary District, or other areas not under the jurisdiction of the St. Louis County Environmental Services Department. Out-of-SWMA residents are required to pay a higher tipping fee than SWMA residents because these individuals do not pay the solid waste operations fee charged to St. Louis County Solid Waste Management Area residents and businesses. There will be no free disposal for out-of-county appliances, fluorescent bulbs, oil filters, or tires. MSW generated by tourists and seasonal residents in the SWMA is not out-of-SWMA waste.

² Tipping fees must be paid by personal or business check, solid waste coupon, pre-paid card, Visa, Mastercard, Discover or Union Pay.

³ MSW commingled in the same load with demolition will be charged at the higher tipping fee rate (\$70.09/ton or \$18.40 cu yd).

⁴ This waste category will be used only when the weigh scale is inoperative.

⁵ The SWM Tax Demo LF is charged for all demolition material delivered to all weigh scale sites and the County 77, French, Kabetogama, Portage, and Soudan Canister Sites.
