Arnold Road re-opens, County Road 305 now closed

High waters levels are going down in some areas but rising in others as spring melting and new precipitation continues. The St. Louis County Public Works Department has temporarily closed County Road 305 in Sandy Township north of Virginia, approximately one half mile north of County State Aid Highway (CSAH) 68.

Meanwhile, the portion of CSAH 36, also known as Arnold Road, in Rice Lake Township, which had to be closed earlier this week, is now re-opened.

Warning signs remain posted on three other roads due to water on the roadway. These roads are considered passable and remain open at this time. Signs are posted alerting motorists to use caution. They include:

- County Road 890 (Rose Road) in Solway Township approximately a half mile west of Caribou Lake Road.
- CSAH 40 (Pioneer Road) in Normanna Township about a mile east of Lakewood Road.
- CSAH 41 (Two Harbors Road) in Alden Township between Culbertson Road and Laine Road.

Public Works crews are monitoring conditions on these and other roads throughout the County. Anyone who encounters a dangerous road condition is asked to call 9-1-1.
