Any assessments against the property for public improvements after the property forfeited to the State shall be assessed against the property and paid for at the time of purchase, pursuant to Minnesota Statutes, 282.01, subd. 3. Any municipality or other public authority is authorized to make a reassessment or a new assessment to a parcel in an amount equal to the remaining unpaid original assessment at the time of forfeiture. 7. Some non-platted lands listed for sale may contain non-forested marginal land or wetland as defined in Minnesota Statutes. For each parcel of land sold, a down payment of 10% of the purchase price or $500, whichever is greater (Board Resolution # 1988-348) must be paid at the time of the sale or the parcel will be sold to the next highest bidder. Those parcels purchased under an installment plan will require execution of a purchase contract. Could you tell me about the St. Louis County tax forfeited land sales?

- Tax forfeited lands, classification and sale are governed by Minnesota State Statute §282 (Tax forfeited lands; classification, sale) and resolutions of the County Board.
- Tax forfeited lands are either reserved for conservation purposes or disposed of, through a classification system that is determined by the County Board and approved by the Commissioner of Natural Resources (Minnesota Department of Natural Resources).
- When a parcel forfeits, County Board resolution determines its classification, upon approval of the Commissioner of Natural Resources (Minnesota Department of Natural Resources). When a parcel is classified as non-conservation, it can be sold for private ownership via auction.
- There are three tax forfeited land sales per year (February, June and October) in the form of oral auctions.
- Parcels identified for auction (and approved as being able to sell) are sold to the highest bidder, however not for less than the value that is set by the County Board.
- When a parcel is classified as conservation, it is set aside as primarily suitable for timber production.
- Land containing standing timber may not be sold until the timber value and the sale of the land have been approved by the Commissioner of Natural Resources (Minnesota Department of Natural Resources). Minerals in tax forfeited land and tax forfeited stockpiled metallic minerals or materials are subject to mining (mineral rights).

What happens to the money that the Land and Minerals Department brings in?

- The County Board may set aside no more than 30% for timber development (which include Memorial Forests).
- The County Board may set aside no more than 20% (by resolution) to be used for recreation. The Land and Minerals Department is self-supporting, with any balance remaining after operational costs as follows (this is called apportionment):
- 40% to the County's General Fund.
- 40% to school districts.
- 20% to towns or cities.

Amount Due Upon Purchase

Down Payment.....10% of the total sale value or $500, whichever is greater.

State Assurance Fee.....3% of total sale price of land, timber and structures. This percentage is state mandated and goes into the State's General Fund to cover losses in the event that the State has to defend its right to forfeit land.

Assessments.....Check with city/town clerk for any additional assessments of which the Land Department is not aware. If listed on sale listing, assessments must be paid in full at the time of sale.

Timber Value.....Paid in full at the time of sale. **Please note:** The timber value increases the same percentage as the sale bid up.

Recording Fee.....$46.00 or as set by the County Recorder. If there is a well on the property, it is an additional $50.00 for well disclosure.

Deed Fee.....$25.00

Deed Tax..... .0033 times the purchase price.

- Timber auctions are open to any "Responsible Operator" (application form on website).
- The purchaser of the timber may or often uses contractors to harvest the timber on their behalf. This means that often the operators are not directly bound by contracts to St. Louis County.
