Skill Sheet

V-301, Start Up & Operate 4x4 ATV

During a practical checkout with an evaluator, start up, operate, and shut down all makes of 4x4 ATV in your local office. Negotiate a modest trail and off-road course with no injury to riders or damage to equipment, without getting the machine stuck, and with no discretionary overrides from the evaluator. Do you have any questions?

NOTES TO EVALUATOR:

Task	Go	No-Go
Performs cursory pre-start check of tires, fuel, safety considerations		
Turns on fuel prior to start		
Sets choke for warm or cold start, as appropriate		
Starts machine		
Negotiates open country/trail conditions with no damage, injury, or discretionary overrides due to excessive speed or careless handling		
Negotiates woodland obstacles		
Negotiates mud/swamp conditions		
Discriminates proper trail courtesy/rules of the road (leaving gates as found; respect for other riders/machines; avoids excessive trail damage; etc.)		
Negotiates gradient/steep hills/sidehill conditions with no damage, injury, or discretionary overrides by instructor		
Parks and shuts down machine		

Critical Criteria

Check if Go; Circle if No-Go

- Does not attempt to start machine with fuel shut off
- Negotiates all course conditions with no damage, injury, or discretionary overrides by instructor for excessive speed or careless handling
- Employs proper trail courtesy as listed in criteria list
- Does not leave kill switch engaged after shutdown
