Not sure if we'll get a resolution, so let's save this to the file. Thanks!

Just an FYI that the Town Board rendered no opinion with Justin and Teresa Kochar- they defer the decision to St. Louis County. Thanks!

Subject: Kochars garage

WARNING: External email. Please verify sender before opening attachments or clicking on links.

Sent from my iPhone. I'm their neighbor Barbara Nobens and I'm not happy about this garage. I do not want to have a garage there. They don't have room for a 30 by 30 garage. They have one that's 2 1/2 car garage that is close to the lot line. That one is by their 50 feet from the road and then it goes up to 75 feet in the center where the new one would be and then it's 100 feet at the lake. When we built we all didn't put our houses in a row so mine is in the center. Theirs is near the lake and I understand they are adding on to the front to make a patio. They have brought in a lot of sand. I feel like my view will be nothing but building's. I have had my lot surveyed 2 times and the map you sent does not show it right. I have a plot map that was from St. Louis county. Thank you for any attention you give this for my having to view this project each time I'm seated at my kitchen table or walk outside.
