

Phase 3 Small Business COVID-19 Relief Grants

St. Louis County, Minnesota

March 18, 2021

Phase 3 Overview:

The State of Minnesota provided St. Louis County with approximately \$3.8 million to assist county businesses and non-profits that were adversely affected by the COVID pandemic. These funds were distributed by St. Louis County during its Phase 3 Small Business COVID-19 Relief Grant. The application period for Phase 3 began on Tuesday, January 19, 2021 at 9:00 a.m. and closed on Wednesday, February 3, 2021 at 4:30 p.m. St. Louis County received 865 applications for Phase 3 funds, of which, 749 were selected for funding.

Businesses and non-profits must have met all of the following criteria in order to be selected for a Phase 3 grant:

1. Must physically operate in St. Louis County; and
2. Must not have an open tax lien on record with the Minnesota Secretary of State; and
3. Must not primarily derive income from gambling or adult entertainment; and
4. Must not have filed for bankruptcy after March 1, 2020; and
5. Normal business operations must have been negatively impacted by Executive Order 20-99; and
6. Must not derive income from passive investments (i.e. property management) or real estate transactions; and
7. Non-profits must also earn revenue similar to businesses, such as ticket sales and membership fees, in order to be eligible.

A few other applications were also denied based upon the applicant being awarded separate funding from the State allocated to movie theaters and convention centers.

The St. Louis County Phase 3 grants were awarded based upon funding priorities. Tier 1 was targeted towards businesses and non-profits that were forced to close to members of the public by Executive Order 20-99 issued on November 18, 2020, and did not receive a COVID-19 Business Relief Payment issued from the Minnesota Department of Revenue (DOR) in January 2021. Tier 2 was also targeted towards those that did not receive a DOR COVID-19 Business Relief Payment, and are primarily owned by women, minorities, or veterans. In addition, Tier 2 recipients needed to have at least one employee and not operate a home-based business. Tier 3 provided funding to the remaining eligible businesses and non-profits that didn't meet Tier 1 or Tier 2 funding priorities.

Table 1 shows the number of grants and amounts awarded during Phase 3 by the three priority funding tiers. Beginning on the next page, Table 2 shows the grant recipients, including their name, city and the amount awarded.
