Comment:

Non Conforming 12" of Separation in shoreland should be removed and not allowed

Non Conforming
Well set Back Requirement should be removed

Not All wells are on the index and the casing depth is unknown. It puts liability on the inspector they should not have.

Nonconforming: 12" of separation in shore land should be removed and not allowed.

Nonconforming: Well setback requirement should be removed. Not all wells are on the index and the casing depth is unknown. It puts liability on the inspector they should not have.
