Enclosed please find a copy of a resolution opposing the Burandt Variance Request. The township board has reviewed the variance request submitted by Thomas Burandt at 1268 Walsh Road, Township of Eagles Nest. The applicant's residence is only 45 feet from the lakeshore on the southeast side. The request is for an addition on the southwest side of the applicant's residence and falls entirely within the shoreline setback, as well partially within the shoreline impact zone. The addition, as proposed, increases the expanse of the structure as seen from the lake. The residence could be expanded on the northwest side, away from the lake with little, if any additional visibility from the lake. Therefore, be it resolved, that the township is opposed to the approval of the variance request.

Respectfully submitted,

Keely Drange
Eagles Nest Township Clerk
