

# SEPTIC RECORDS

## How-to Access and View

**About:** The desktop and mobile friendly County Land Explorer is an interactive web mapping application with the ability to access and view **septic record data** from St. Louis County.

**Audience:** The septic records will benefit a variety of mobile users such as: septic designers, installers, inspectors, real estate agents, appraisers, surveyors, title companies, general public,

developers and our government partners who need septic record data to conduct business.

**Our Commitment:** St. Louis County is committed to continuously improving the experience in accessing and viewing septic records and performance, functionality, and data content to provide “**Value**” to our businesses, partners, and public.

## County Land Explorer - Septic Records
