RE: 2020-2021 Snowplowing Services

County Residents,

Public Works (PW) has begun preparations for the 2020-2021 Winter Maintenance Season. A part of the preparations includes the renewal of private driveway and road association applications for snowplowing services.

Existing private driveway and new and existing road association customers can renew their contracts at <https://onegov.stlouiscountymn.gov/> using OneGov. New road association customers should use the same link to OneGov. Please find attached the user guide to assist in the process.

With COVID-19 concerns, applicants should make every effort to use the electronic system for both paperwork and payment. It will be a challenge for PW staff to provide the same level of service as previous years. If you are “technologically challenged” for whatever reason, please find a family member to assist.

As a reminder, PW has closed enrollment as of January 1, 2019 for private driveway applications. Private driveways/residents who were enrolled and received plowing services for the 2018/2019 plowing season will remain a customer until the service is discontinued by either the resident or PW.

Sincerely,

Brian D. Boder, PE
Deputy Public Works Director – Maintenance Operations
St. Louis County
