Mortgage Foreclosures Data

*2020 column as of September 30th

Chart reflects the total number of mortgage foreclosures recorded by the St. Louis County Recorder's Office. The following exceptions apply:

1. It is unknown how many foreclosed mortgages were sub-prime mortgages or adjustable rate mortgages.
2. The chart does not include the number of mortgages redeemed after foreclosure.
3. It is unknown how many problem mortgages were refinanced before foreclosure or how many properties were sold in lieu of foreclosure where a buyer's new mortgage paid off a problem mortgage.
