Michael A. Jugovich
County Commissioner

January 21, 2020

Dear Residents of St. Louis County,

As chair of the St. Louis County Board of Commissioners, I am pleased to present this ADA Transition Plan as the guiding document to ensure county roads are accessible for all residents. This Plan documents the current condition of pedestrian facilities as well as providing a plan to improve our pedestrian facilities.

St. Louis County is committed to continuous improvement of all county roads. As a living document, this Plan is expected to be updated in the future as needed. I encourage you, the resident, to always feel welcome to provide feedback to St. Louis County on how to improve our pedestrian facilities. It is strong partnerships with the public that will help St. Louis County realize the accomplishment of this Plan.

Sincerely,

Michael A. Jugovich,
Commissioner 7th District
Chair of the St. Louis County Board

Introduction

Transition Plan Need and Purpose

The Americans with Disabilities Act (ADA), enacted on July 26, 1990, is a civil rights law prohibiting discrimination against individuals on the basis of disability. ADA consists of five titles outlining protections in the following areas:

1. Employment
2. State and local government services
3. Public accommodations
4. Telecommunications
5. Miscellaneous Provisions

Title II of ADA pertains to the programs, activities and services public entities provide. As a provider of public transportation services and programs, St. Louis County must comply with this section of the Act as it specifically applies to public service agencies. Title II of ADA provides that, "...no qualified individual with a disability shall, by reason of such disability, be excluded from participation in or be denied the benefits of the services, programs, or activities of a public entity, or be subjected to discrimination by any such entity." ([42 USC. Sec. 12132](#); [28 CFR. Sec. 35.130](#))

As required by Title II of ADA, [28 CFR. Part 35 Sec. 35.105](#) and [Sec. 35.150](#), St. Louis County has conducted a self-evaluation of its pedestrian facilities within county roadway public rights-of-way and has developed this Transition Plan detailing how the organization will ensure that all of those facilities are accessible to all individuals. This document serves as a supplement to St. Louis County's existing [Transition Plan](#) covering buildings, services, programs and activities.

ADA and its Relationship to Other Laws

Title II of ADA is companion legislation to two previous federal statutes and regulations: the [Architectural Barriers Acts of 1968](#) and [Section 504 of the Rehabilitation Act](#) of 1973.

The Architectural Barriers Act of 1968 is a Federal law that requires facilities designed, built, altered or leased with Federal funds to be accessible. The Architectural Barriers Act marks one of the first efforts to ensure access to the built environment.

Section 504 of the Rehabilitation Act of 1973 is a Federal law that protects qualified individuals from discrimination based on their disability. The nondiscrimination requirements of the law apply to employers and organizations that receive financial assistance from any Federal department or agency. Title II of ADA extended this coverage to all state and local government entities, regardless of whether they receive federal funding or not.

Agency Requirements

Under Title II, St. Louis County must meet these general requirements:

- Must operate their programs so that, when viewed in their entirety, the programs are accessible to and useable by individuals with disabilities ([28 C.F.R. Sec. 35.150](#)).
- May not refuse to allow a person with a disability to participate in a service, program or activity simply because the person has a disability ([28 C.F.R. Sec. 35.130 \(a\)](#)).
- Must make reasonable modifications in policies, practices and procedures that deny equal access to individuals with disabilities unless a fundamental alteration in the program would result ([28 C.F.R. Sec. 35.130\(b\) \(7\)](#)).
- May not provide services or benefits to individuals with disabilities through programs that are separate or different unless the separate or different measures are necessary to ensure that benefits and services are equally effective ([28 C.F.R. Sec. 35.130\(b\)\(iv\) & \(d\)](#)).
- Must take appropriate steps to ensure that communications with applicants, participants and members of the public with disabilities are as effective as communications with others ([28 C.F.R. Sec. 35.160\(a\)](#)).
- Must designate at least one responsible employee to coordinate ADA compliance ([28 CFR Sec. 35.107\(a\)](#)). This person is often referred to as the "ADA Coordinator." The public entity must provide the ADA coordinator's name, office address, and telephone number to all interested individuals ([28 CFR Sec. 35.107\(a\)](#)).
- Must provide notice of ADA requirements. All public entities, regardless of size, must provide information about the rights and protections of Title II to applicants, participants, beneficiaries, employees, and other interested persons ([28 CFR Sec. 35.106](#)). The notice must include the identification of the employee serving as the ADA coordinator and must provide this information on an ongoing basis ([28 CFR Sec. 35.107\(a\)](#)).
- Must establish a grievance procedure. Public entities must adopt and publish grievance procedures providing for prompt and equitable resolution of complaints ([28 CFR Sec. 35.107\(b\)](#)). This requirement provides for a timely resolution of all problems or conflicts related to ADA compliance before they escalate to litigation and/or the federal complaint process.

This document has been created to specifically cover accessibility within the county roadway public rights-of-way and does not include information on St. Louis County programs, practices, or building facilities not related to county roadway public rights-of-way.

Self-Evaluation

Overview

St. Louis County is required, under Title II of the Americans with Disabilities Act (ADA) and 28CFR35.105, to perform a self-evaluation of its current transportation infrastructure policies, practices and programs. This self-evaluation will identify what policies and practices impact accessibility and examine how St. Louis County implements these policies. The goal of the self-evaluation is to verify that, in implementing St. Louis County's policies and practices, St. Louis County is providing accessibility and not adversely affecting the full participation of individuals with disabilities.

The self-evaluation also examines the condition of St. Louis County's Pedestrian Circulation Route/Pedestrian Access Route (PCR/PAR) and identifies potential need for PCR/PAR infrastructure improvements. This will include the sidewalks, curb ramps and traffic control signals that are located within St. Louis County's county roadway public rights-of-way. Any barriers to accessibility identified in the self-evaluation and the remedy to the identified barrier are set out in this transition plan.

St. Louis County does not own or maintain bicycle/pedestrian trails, and the Duluth Transit Authority (DTA) is responsible for bus stop facilities (shelters) located within the county roadway public rights-of-way. An inventory [map](#) of all sidewalks within the Duluth metropolitan area was completed by the Duluth-Superior Metropolitan Interstate Council (DSMIC) in 2019. Additionally, an inventory [map](#) of all DTA bus shelters, including condition, was also completed by the DSMIC in 2019.

Summary

St. Louis County conducted an inventory in 2018 of pedestrian facilities within its county roadway public rights-of-way consisting of the evaluation of the following facilities:

- 70 miles of sidewalks
- 1,510 curb ramps
- 39 traffic control signals

A detailed evaluation on how these facilities relate to ADA standards is found in Appendix A and will be updated periodically.

Policies and Practices

Previous Practices

Since the adoption of the ADA, St. Louis County has striven to provide accessible pedestrian facilities as part of those projects included in St. Louis County's Capital Improvement Program (CIP). As additional guidance was made available as to the methods of providing accessible pedestrian features, St. Louis County updated their procedures to accommodate these methods. For example, in 2016 and 2017, St. Louis County reconstructed County State Aid Highway 9 (4th Street East), between 6th Avenue East and County State Aid Highway 9 (Wallace Avenue), in the Hillside neighborhood of the City of Duluth. Where possible, all sidewalks and pedestrian curb ramps were reconstructed to be ADA compliant. It should be noted that in some locations, full ADA compliance (as determined by the current ADA practices and guidelines of that time) is not possible due to constraints such as topography, locations of buildings and access points to underground utility facilities.

Policy

St. Louis County's goal is to provide accessible pedestrian facilities within the county roadway right-of-way. This will be accomplished primarily through those projects included in St. Louis County's CIP. St. Louis County has established ADA design standards and procedures as listed in Appendix F. These standards and procedures will be kept up to date with nationwide and local best management practices.

St. Louis County will consider and respond to all accessibility improvement requests. All accessibility improvements that have been deemed reasonable will be scheduled consistent with transportation priorities. St. Louis County will coordinate with external agencies to ensure that all new or altered pedestrian facilities within St. Louis County's county roadways public rights-of-way are ADA compliant to the maximum extent feasible. Requests for accessibility improvements can be submitted to St. Louis County's traffic engineer. Contact information for this Responsible Party is located in Appendix E.

Maintenance of pedestrian facilities within the county roadway public rights-of-way will continue to follow the policies and practices as previously set forth by St. Louis County.

Improvement Schedule

Priority Areas

St. Louis County prioritizes accessibility improvement projects by St. Louis County's CIP. Additional priority is given to those accessibility improvement projects included in projects funded by external funding programs such as Safe Routes to School, Transportation Alternatives and the Local Partnership Program with the Minnesota Department of Transportation.

External Agency Coordination

Many other agencies are responsible for pedestrian facilities within the political boundary of St. Louis County. St. Louis County will coordinate with those agencies to provide accessible pedestrian facilities at intersections with county roadways.

Schedule

For the five year time period of 2014 through 2018, St. Louis County completed an estimated value of \$2,500,000 in work improving pedestrian facilities on county roadways. This work represents an estimated 5.4 miles of sidewalk and 264 curb ramps. For the five year time period of 2019 through 2023, St. Louis County anticipates completing an estimated value of \$2,200,000 in work improving pedestrian facilities on county roadways. This work represents an estimated 4.7 miles of sidewalk and 223 curb ramps. These projects are represented in St. Louis County's CIP, working with local partners and standalone projects.

Based upon the self-evaluation results summarized in Appendix A, St. Louis County has an estimated 53.2 miles of sidewalks (76 percent) and 951 curb ramps (63 percent) that are not fully ADA compliant. The remainder of the pedestrian facilities in St. Louis County's inventory are ADA compliant or as compliant as possible given the site specific restraints. Based upon the 10 year average of work completed and anticipated to be completed, the annual rates of upgrading pedestrian facilities are 1 mile of sidewalk/year and 50 curb ramps/year. As of the beginning of 2019, the estimated time to complete the necessary upgrades to make all sidewalks and curb ramps ADA compliant is 53 years for sidewalks and 19 years for curb ramps. It should be noted that the methodology to assess the condition of sidewalks broke the sidewalks into segments bounded by curb ramps, typically represented as city block segments. If one concrete panel did not meet ADA compliance requirements, the entire sidewalk segment was determined to not be fully ADA compliant. Based upon the feedback from the staff assessing the pedestrian facilities, many sidewalk segments were mostly ADA compliant

with small localized areas that were not fully ADA compliant. Given that not all sidewalk is expected to need replacement to be fully ADA compliant, the estimated timeframe to make all sidewalk fully ADA compliant is estimated to be half of the estimated 53 years, which is an estimated time period of 25 years. In summary, St. Louis County estimates that at the current rate of upgrading pedestrian facilities, all pedestrian facilities are expected to be fully ADA compliant within 25 years.

ADA Coordinator

In accordance with 28 CFR 35.107(a), St. Louis County has identified an ADA Title II Coordinator to oversee the St. Louis County policies and procedures. Contact information for this individual is located in Appendix E.

Implementation Schedule

Methodology

St. Louis County will utilize two methods for upgrading pedestrian facilities to the current ADA standards. The first and most comprehensive of the two methods are the scheduled county roadway projects in St. Louis County's CIP. All pedestrian facilities impacted by these projects will be upgraded to current ADA accessibility standards. The second method is stand-alone sidewalk and ADA accessibility improvement projects. These projects will be incorporated into St. Louis County Public Works Department's Capital Improvement Program (CIP) on county roadways on a case by case basis as determined by St. Louis County staff.

Public Outreach

St. Louis County recognizes that public participation is an important component in the development of this document. Input from the community has been gathered and used to develop this plan.

Public outreach consisted of the following efforts.

1. Hosted two public meetings. These meetings provided an opportunity for the public to meet with engineering staff and learn more about the draft plan as well as provide comments. A press release was issued to notify the public about these meetings. The first public meeting was held on Tuesday, July 30, 2019 from 6:00 pm to 7:00 pm at the St. Louis County Public Works Office at Pike Lake (4787 Midway Road, Duluth). The second public meeting was held on Thursday, August 8,

2019 from 6:00 pm to 7:00 pm at the St. Louis County Public Works Office at Virginia (7823 Highway 135, Virginia). A copy of the press release is included in Appendix C.

2. Provided a flyer to the Duluth Transit Authority and Arrowhead Transit to post in buses and at bus stop shelters. This flyer requested review and comments by the public of the draft plan. A copy of this flyer is included in Appendix C.
3. Submitted a letter notifying the Bicycle-Pedestrian Advisory Committee, BPAC, (a committee managed by the Duluth-Superior Metropolitan Interstate Council) and the Arrowhead Regional Development Commission (ARDC) of the draft plan and inviting members/staff to review and comment on the draft plan. A copy of this letter is included in Appendix C.
4. Developed an ADA webpage on the St. Louis County website. This webpage hosted the copy of the draft plan. This webpage noted that written comments could be submitted to a special email address. An image of this webpage is included in Appendix C.
5. Placed hard copies of the draft plan at St. Louis County's Public Works Offices for public review. The St. Louis County Public Works offices include Pike Lake (4787 Midway Road, Duluth), Virginia (7823 Highway 135, Virginia), Hibbing (1425 East 23rd Street, Hibbing) and Ely (2210 East Sheridan Street, Suite 2, Ely). Comment cards were placed next to the hard copies to provide an opportunity for people to submit written comments. A copy of the comment card is included in Appendix C.

This document was available for public comment for a period exceeding 30 calendar days. A summary of comments received are included in Appendix C.

Grievance Procedure

Under the Americans with Disabilities Act, each agency is required to publish its responsibilities in regards to the ADA. A draft of this public notice is provided in Appendix D. If users of St. Louis County's facilities and services believe St. Louis County has not provided reasonable accommodation, they have the right to file a grievance.

In accordance with 28 CFR 35.107(b), St. Louis County has developed a grievance procedure for the purpose of the prompt and equitable resolution of citizens' complaints, concerns, comments, and other grievances. This grievance procedure is outlined in Appendix D.

Monitor the Progress

This document will continue to be updated as conditions within St. Louis County evolve. The appendices in this document will be updated periodically, while the main body of the document will be updated approximately every five (5) years with a future update schedule to be developed at that time. With each main body update, a public comment period will be established to continue the public outreach.

Appendices

- A. Self-Evaluation Results
- B. Schedule / Budget Information
- C. Public Outreach
- D. Grievance Procedure
- E. Contact Information
- F. Agency ADA Design Standards and Procedures
- G. County Board Resolution Approving the ADA Transition Plan
- H. Glossary of Terms

Appendix A – Self-Evaluation Results

This initial self-evaluation of pedestrian facilities at the end of the construction season of 2019 yielded the following results:

- 35% of sidewalks met accessibility criteria
- 40% of curb ramps met accessibility criteria
- 40% of traffic control signals had APS

Self-evaluation results are included at the end of the Appendix.

Appendix B – Schedule / Budget Information

Cost Information

Unit Prices

Construction costs for upgrading pedestrian facilities can vary depending on each individual improvement and conditions of each site. Costs can also vary on the type and size of project the improvements are associated with. Listed below are representative costs from 2018 for some typical accessibility improvements based on if the improvements are included as part of a retrofit type project, or as part of a larger comprehensive capital improvement project.

Intersection corner ADA improvement retrofit: +/- \$4,000 per corner

Intersection corner ADA improvement as part of adjacent capital project: +/- \$2,500 per corner

Traffic control signal APS upgrade retrofit: +/- \$20,000

Traffic control signal APS upgrade as part of full traffic control signal installation: +/- \$15,000

Sidewalk / Trail ADA improvement retrofit: +/- \$15.00 per SF

Sidewalk / Trail ADA improvement as part of adjacent capital project: +/- \$10.00 per SF

Entire Jurisdiction

Based on the results of the self-evaluation, the estimated cost associated with providing ADA accessibility on all pedestrian facilities within county roadway public rights-of-way is \$22.1 million.

Sidewalk

45.5 miles of sidewalk (not ADA compliant)

Assume 5 ft width and cost of \$15.00 per SF

45.5 miles x 5,280 ft/mile x 5 ft x \$15.00/SF = \$18,018,000

Curb Ramps

906 curb ramps (not ADA compliant)

906 curb ramps x \$4,000/curb ramp = \$3,624,000

Traffic Control Signals

23 traffic control signals (not ADA compliant)

23 traffic control signals x \$20,000/signal = \$460,000

This value represents upgrading those pedestrian facilities that were determined to not be fully accessible in the 2019 self-evaluation. This amount signifies a significant investment that St. Louis County is committed to making in the upcoming years. A systematic approach to providing accessibility will be taken in order to absorb the cost into the St. Louis County budget for improvements to the public right of way.

Appendix C – Public Outreach

Feedback received at the two public meetings:

There were no attendees at either public meeting.

Comments received for the printed copies placed at the Public Works' Offices:

No comments were received.

Comments received through the email address "ada@stlouiscountymn.gov":

Email 1

Please provide better snow removal.

Email 2

Would like to see sidewalks improved in the Hillside neighborhood of Duluth.

The following items were used for public communication to bring awareness to the comment period for the draft St. Louis County ADA Transition Plan. Copies of these documents are included here in Appendix C.

- St. Louis County ADA Transition Plan Press Release
- St. Louis County ADA Transition Plan Transit Flyer
- St. Louis County ADA Transition Plan Letter to BPAC
- St. Louis County ADA Transition Plan Letter to ARDC
- St. Louis County ADA Transition Plan Webpage

NEWS RELEASE

**FOR IMMEDIATE RELEASE:
July 17, 2019**

MEDIA CONTACT: Vic Lund, Traffic Engineer
218-625-3873

St. Louis County seeks feedback on Americans with Disabilities Act (ADA) Transition Plan for roadway pedestrian facilities

Within St. Louis County's large infrastructure there are 70 miles of sidewalks, 1,510 pedestrian curb ramps and 40 traffic control signals. Ensuring that all of these pedestrian facilities are accessible for people with disabilities is the focus of a plan update being developed by the County's Public Works Department. County engineers have created a draft of the plan and are now seeking public feedback on it

Officially known as the "Americans with Disabilities Act (ADA) Transition Plan for County Roadway Public Right-of-Way," the plan includes an evaluation, conducted by county engineers, of pedestrian facilities within the county roadway public right-of-way, and details how St. Louis

County will ensure all of those facilities are accessible to all individuals. The document will supplement and expand St. Louis County's existing ADA Compliance Certification.

St. Louis County Public Works will host two public meetings for people to view the draft plan, and meet with the engineering staff to learn more about the plan and provide comments. The meetings will be held:

Tuesday, July 30, 6-7 p.m.
St. Louis County Public Works Office - Pike Lake
4787 Midway Road

Thursday, August 8, 6-7 p.m.
St. Louis County Public Works Office - Virginia
7823 Highway 135

The draft St. Louis County ADA Transition Plan is available for public review and comment through August 31, 2019. The draft plan can be viewed online at stlouiscountymn.gov/ada. Hard copies are available for viewing at the St. Louis County Public Works Office at Pike Lake (4784 Midway Road, Duluth), Virginia (7823 Highway 135, Virginia), Hibbing (1425 East 23 Street, Hibbing) and Ely (2210 East Sheridan Street, Suite 2, Ely). Comments regarding the draft plan can be emailed to ada@stlouiscountymn.gov or written on comment cards that are available at the public works offices.

After the comment period ends, the Public Works Department will review comments received and include in the final plan. The final plan is anticipated to go before the County Board in September 2019 for consideration and final approval.

Accommodations to view and read the draft plan, and submit comments for those with disabilities will be available upon request. Request for accommodations can be made to Melissa Honkola at 218-725-5068 or honkolam@stlouiscountymn.gov.

This plan is mandated by the Americans with Disabilities (ADA) Act which, enacted on July 26, 1990, is a civil rights law prohibiting discrimination against individuals on the basis of disability. St. Louis County's ADA Transition Plan does not include pedestrian facilities within the right-of-way of other roadway jurisdictions such as state trunk highways and city streets.

We Need Your Help with St. Louis County's ADA Transition Plan for Pedestrian Facilities within County Roadway Right-of-Way

Your Input is Valuable!

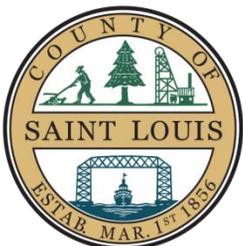

The ADA Transition Plan can be viewed at:
www.stlouiscountymn.gov/ada

Written comments can be submitted to:
ada@stlouiscountymn.gov

Written comments are accepted through August 31, 2019.

Accommodations to view and read the draft plan, and submit comments for those with disabilities will be available upon request. Request for accommodations can be made to Melissa Honkola at 218-725-5068 or honkolam@stlouiscountymn.gov.

Re: St. Louis County Draft ADA Transition Plan for County Roadway Public Right-of-Way

Dear Members of BPAC,

In accordance with Title II of the Americans with Disabilities (ADA) Act, St. Louis County has prepared a draft update of the ADA Transition Plan for pedestrian facilities located within County Roadway Public Right-of-Way. You can access the draft plan at www.stlouiscountymn.gov/ada.

St. Louis County welcomes comments about the draft plan from the membership of BPAC. Written comments can be submitted to ada@stlouiscountymn.gov. Comments will be received through August 31, 2019.

If you have any questions, please contact me at 218-625-3873 or lundv@stlouiscountymn.gov.

Thank you for your consideration and partnership as we strive to improve pedestrian facilities.

Sincerely,

Victor Lund, PE

Re: St. Louis County Draft ADA Transition Plan for County Roadway Public Right-of-Way

Dear Mr. Hubley,

In accordance with Title II of the Americans with Disabilities (ADA) Act, St. Louis County has prepared a draft update of the ADA Transition Plan for pedestrian facilities located within County Roadway Public Right-of-Way. You can access the draft plan at www.stlouiscountymn.gov/ada.

St. Louis County welcomes comments about the draft plan. St. Louis County asks that you communicate this opportunity to those stakeholders that you know would have interest in this plan. Written comments can be submitted to ada@stlouiscountymn.gov. Comments will be received through August 31, 2019.

If you have any questions, please contact me at 218-625-3873 or lundv@stlouiscountymn.gov.

Thank you for your consideration and partnership as we strive to improve pedestrian facilities.

Sincerely,

Victor Lund, PE

POLICIES

The Americans with Disabilities Act (ADA), enacted on July 26, 1990, is a civil rights law prohibiting discrimination against individuals on the basis of disability. As required by Title II of ADA, St. Louis County has conducted a self-evaluation of its pedestrian facilities within county roadway public rights-of-way and has developed a Transition Plan for County Roadway Public Right-of-Way detailing how St. Louis County will ensure that all pedestrian facilities are accessible to all individuals.

The draft St. Louis County ADA Transition Plan for County Roadway Public Right-of-Way is available for public viewing and review.

Draft ADA Transition Plan

St. Louis County invites public comment on the draft ADA Transition Plan through August 31, 2019. Written comments can be submitted to ada@stlouiscountymn.gov.

Information about ADA compliance with regard to building accessibility, employment policy, polling places, law enforcement practices and website accessibility is available below.

Appendix D – Grievance Procedure

As part of the ADA requirements, St. Louis County has posted the following notice outlining its ADA requirements:

St. Louis County, Minnesota

Grievance Procedure under The Americans with Disabilities Act, as Amended, and Section 504 of the Rehabilitation Act of 1973

This Grievance Procedure is established to meet the requirements of the Americans with Disabilities Act of 1990, as Amended, and Section 504 of the Rehabilitation Act of 1973. It may be used by anyone who wishes to file a complaint alleging discrimination on the basis of disability in the provision of services, activities, programs, or benefits by the County. The County Policy prohibiting discrimination, harassment, and retaliation governs employment-related complaints of disability discrimination.

The complaint should be in writing and contain information about the alleged discrimination such as name, address, phone number of complainant and location, date, and description of the problem. Alternative means of filing complaints, such as personal interviews or a tape recording of the complaint, will be made available for persons with disabilities upon request.

The complaint should be submitted by the grievant and/or his/her designee as soon as possible but no later than 60 calendar days after the alleged violation to:

Kevin Z. Gray (ADAAA / Disability Coordinator)
County Administrator
100 North 5th Avenue West Room 202
Duluth, MN 55802

Within 15 calendar days after receipt of the complaint, the ADAAA / Disability Coordinator or his / her designee will meet with the complainant to discuss the complaint and the possible resolutions. Within 15 calendar days of the meeting, the ADAAA / Disability Coordinator or his / her designee will respond in writing, and where appropriate, in format accessible to the complainant, such as large print, Braille, or audio tape. The response will explain the position of the County and offer options for substantive resolution of the complaint.

If the response by the ADAAA / Disability Coordinator or his / her designee does not satisfactorily resolve the issue, the complainant and/or his/her designee may appeal the decision within 15 calendar days after receipt of the response to the County Board of Commissioners or its designee.

Within 15 calendar days after receipt of the appeal, the County Board of Commissioners or its designee will meet with the complainant to discuss the complaint and possible resolutions. Within 15 calendar days after the meeting, the County Board of Commissioners or its designee will respond in writing, and, where appropriate, in a format accessible to the complainant, with a final resolution of the complaint.

All written complaints received by the ADAAA / Disability Coordinator or his / her designee, appeals to the County Board of Commissioners or its designee, and responses from these two offices will be retained by the County for at least three years.

Appendix F – Agency ADA Design Standards and Procedures

Design Procedures for Pedestrian Facilities Located within County Roadway Public Rights-of-Way

Intersection Corners

Curb ramps or blended transitions will attempt to be constructed or upgraded to achieve compliance within all capital improvement projects. There may be limitations which make it technically infeasible for an intersection corner to achieve full accessibility within the scope of any project. Those limitations will be noted and those intersection corners will remain on the transition plan. As future projects or opportunities arise, those intersection corners shall continue to be incorporated into future work. Regardless on if full compliance can be achieved or not, each intersection corner shall be made as compliant as possible in accordance with the judgment of St. Louis County Public Works Department staff.

Sidewalks / Trails

Sidewalks and trails will attempt to be constructed or upgraded to achieve compliance within all capital improvement projects. There may be limitations which make it technically infeasible for segments of sidewalks or trails to achieve full accessibility within the scope of any project. Those limitations will be noted and those segments will remain on the transition plan. As future projects or opportunities arise, those segments shall continue to be incorporated into future work. Regardless on if full compliance can be achieved or not, every sidewalk or trail shall be made as compliant as possible in accordance with the judgment of St. Louis County Public Works Department staff.

Traffic Control Signals

Traffic control signals will attempt to be constructed or upgraded to achieve compliance within all capital improvement projects. There may be limitations which make it technically infeasible for individual traffic control signal locations to achieve full accessibility within the scope of any project. Those limitations will be noted and those locations will remain on the transition plan. As future projects or opportunities arise, those locations shall continue to be incorporated into future work. Regardless on if full compliance can be achieved or not, each traffic signal control location shall be made as compliant as possible in accordance with the judgment of St. Louis County Public Works Department staff.

Bus Stops

Bus stops are determined by the [Duluth Transit Authority](#). If present, St. Louis County is responsible for the concrete sidewalk located at the bus stop. See “Intersection Corners” and “Sidewalks / Trail” in this section for discussion on design procedures. The Duluth Transit Authority is responsible for bus shelters that are placed on the concrete sidewalk. St. Louis County is not responsible to place concrete sidewalk at bus stops that do not have concrete sidewalk present.

Other Transit Facilities

Additional transit facilities are present within the limits of St. Louis County. Those facilities fall under the jurisdiction of [Duluth Transit Authority](#). St. Louis County will work with Duluth Transit Authority to ensure that those facilities meet all appropriate accessibility standards.

Other policies, practices and programs

Policies, practices and programs not identified in this document will follow the applicable ADA standards.

Design Standards

St. Louis County has PROWAG, as adopted by the Minnesota Department of Transportation (MnDOT), as its design standard. Design standards and guidance that St. Louis County utilizes are available on the [Minnesota Department of Transportation ADA](#) webpage.

Appendix G – County Board Resolution

*Resolution
of the
Board of County Commissioners
St. Louis County, Minnesota
Adopted on: January 14, 2020 Resolution No. 20-35
Offered by Commissioner: Nelson*

St. Louis County ADA Transition Plan

WHEREAS, The Americans with Disabilities Act (ADA) is a civil rights law enacted on July 26, 1990, that prohibits discrimination against individuals on the basis of disability; and

WHEREAS, St. Louis County must comply with Title II of ADA as it specifically applies to public service agencies; and

WHEREAS, The Public Works Department performed a self-evaluation of its pedestrian facilities within the county roadway right-of-way and has developed an ADA Transition Plan detailing how the organization will ensure that all of those facilities are accessible to all individuals; and

WHEREAS, The Public Works Department coordinated a broad public outreach to invite comments on the ADA Transition Plan.

THEREFORE, BE IT RESOLVED, That the St. Louis County Board approves the St. Louis County ADA Transition Plan as the official document pertaining to the inventory and assessment of pedestrian facilities located within the county roadway right-of-way and to comply with the ADA Title II for Public Rights-of-Way.

Commissioner Nelson moved the adoption of the Resolution and it was declared adopted upon the following vote:
Yeas – Commissioners Jewell, Boyle, Olson, McDonald, Musolf, Nelson and Chair Jugovich – 7
Nays – None

STATE OF MINNESOTA
Office of County Auditor, ss.
County of St. Louis

I, **NANCY NILSEN**, Auditor of the County of St. Louis, do hereby certify that I have compared the foregoing with the original resolution filed in my office on the 14th day of January, A.D. 2020, and that this is a true and correct copy.

WITNESS MY HAND AND SEAL OF OFFICE at Duluth, Minnesota, this 14th day of January, A.D., 2020.

NANCY NILSEN, COUNTY AUDITOR

By

Clerk of the County Board/Deputy Auditor

Appendix H – Glossary of Terms

ABA: See Architectural Barriers Act.

ADA: See Americans with Disabilities Act.

ADA Transition Plan: Mn/DOT's transportation system plan that identifies accessibility needs, the process to fully integrate accessibility improvements into the Statewide Transportation Improvement Program (STIP), and ensures all transportation facilities, services, programs, and activities are accessible to all individuals.

ADAAG: See Americans with Disabilities Act Accessibility Guidelines.

Accessible: A facility that provides access to people with disabilities using the design requirements of the ADA.

Accessible Pedestrian Signal (APS): A device that communicates information about the WALK phase in audible and vibrotactile formats.

Alteration: A change to a facility in the public right-of-way that affects or could affect access, circulation, or use. An alteration must not decrease or have the effect of decreasing the accessibility of a facility or an accessible connection to an adjacent building or site.

Americans with Disabilities Act (ADA): The Americans with Disabilities Act; Civil rights legislation passed in 1990 and effective July 1992. The ADA sets design guidelines for accessibility to public facilities, including sidewalks and trails, by individuals with disabilities.

Americans with Disabilities Act Accessibility Guidelines (ADAAG): contains scoping and technical requirements for accessibility to buildings and public facilities by individuals with disabilities under the Americans with Disabilities Act (ADA) of 1990.
APS: See Accessible Pedestrian Signal.

Architectural Barriers Act (ABA): Federal law that requires facilities designed, built, altered or leased with Federal funds to be accessible. The Architectural Barriers Act marks one of the first efforts to ensure access to the built environment.

Capital Improvement Program (CIP): The CIP for the Transportation Department includes an annual capital budget and a five-year plan for funding the new construction and reconstruction projects on the county's transportation system.

Detectable Warning: A surface feature of truncated domes, built in or applied to the walking surface to indicate an upcoming change from pedestrian to vehicular way.

DOJ: See United States Department of Justice

Federal Highway Administration (FHWA): A branch of the US Department of Transportation that administers the federal-aid Highway Program, providing financial assistance to states to construct and improve highways, urban and rural roads, and bridges.

FHWA: See Federal Highway Administration

Pedestrian Access Route (PAR): A continuous and unobstructed walkway within a pedestrian circulation path that provides accessibility.

Pedestrian Circulation Route (PCR): A prepared exterior or interior way of passage provided for pedestrian travel.

PROWAG: An acronym for the Guidelines for Accessible Public Rights-of-Way issued in 2005 by the U. S. Access Board. This guidance addresses roadway design practices, slope, and terrain related to pedestrian access to walkways and streets, including crosswalks, curb ramps, street furnishings, pedestrian signals, parking, and other components of public rights-of-way.

Right of Way: A general term denoting land, property, or interest therein, usually in a strip, acquired for the network of streets, sidewalks, and trails creating public pedestrian access within a public entity's jurisdictional limits.

Section 504: The section of the Rehabilitation Act that prohibits discrimination by any program or activity conducted by the federal government.

Uniform Accessibility Standards (UFAS): Accessibility standards that all federal agencies are required to meet; includes scoping and technical specifications.

United States Access Board: An independent federal agency that develops and maintains design criteria for buildings and other improvements, transit vehicles, telecommunications equipment, and electronic and information technology. It also enforces accessibility standards that cover federally funded facilities.

United States Department of Justice (DOJ): The United States Department of Justice (often referred to as the Justice Department or DOJ), is the United States federal executive department responsible for the enforcement of the law and administration of justice.
