## NEWS RELEASE

### FOR IMMEDIATE RELEASE

August 18, 2014

**CONTACT:** Steve Krasaway, P.E., Resident Engineer  
Public Works Department  
(218) 625-3841

### **Lane closures begin Tuesday on Duluth's 4<sup>th</sup> Street, expected to last one week**

Traffic will be reduced to one lane beginning tomorrow along 4<sup>th</sup> Street in Duluth between 6<sup>th</sup> Avenue East and Wallace Avenue for work that is being done in preparation for the reconstruction of the road, which is set to begin in 2016. The lane closures are expected to last through the end of the week while soil borings are done along the roadway.

To minimize travel delays to the public, crews will focus efforts on the areas with highest traffic counts during off-peak travel times.

As part of a joint project with the City of Duluth, the St. Louis County Public Works Department will be reconstructing nearly two miles of 4<sup>th</sup> Street through Duluth's East Hillside. The soil borings are needed as part of the preliminary design work for the project.
