Road construction begins May 26 on Highways 16 and 25 near Forbes and Cherry

Two major road resurfacing projects are about to get underway on the Iron Range, and they will result in nearly 21 miles of smoother roads. Both projects, which together total \$5.2 million, are scheduled to begin May 26.

Running through Forbes, 14.1 miles of County State Aid Highway (CSAH) 16, also known as Townline Road, will be resurfaced, from Highway 53 to County Road 5. Meanwhile, 6.5 miles of CSAH 25 near Cherry will be resurfaced between Highway 37 and U.S. Highway 169.

The resurfacing work will mean temporary lane closures through late July. Motorists traveling through the construction zones are reminded to observe all traffic control signage and work zone speed limits.
