News conference to announce large land sale

Representatives of St. Louis County and the City of Duluth will hold a news conference **Monday, June 1, at 11 a.m. at the Depot** to announce details of an upcoming public land sale. The sale involves 36 tax forfeited properties with a combined appraised value of more than \$1.5 million, and is the largest ever offered by St. Louis County.

Among the properties that will be auctioned are several pilot parcels in Morgan Park and Gary New Duluth. The County and City of Duluth worked together to identify and group these pilot parcels for redevelopment. Also being offered for sale will be a 3.1 acre property on Park Point. It's the first time a tax forfeited property on Park Point has ever been offered for public sale.

A complete news release will be distributed at the event.
