Duluth, Minnesota**

**STEVE RAUKAR, Chair
Seventh District**

**FRANK JEWELL, Vice-Chair
First District**

**PATRICK BOYLE
Second District**

**CHRIS DAHLBERG
Third District**

**TOM RUKAVINA
Fourth District**

**PETE STAUBER
Fifth District**

**KEITH NELSON
Sixth District**

County Auditor
Donald Dicklich

County Administrator
Kevin Gray

County Attorney
Mark Rubin

Clerk of the Board
Phil Chapman

The St. Louis County Board of Commissioners welcomes you to this meeting. This agenda contains a brief description of each item to be considered. The Board encourages your participation. If you wish to speak on an item contained in the agenda, you will be allowed to address the Board when a motion is on the floor. If you wish to speak on a matter that does not appear on the agenda, you may do so during the public comment period at the beginning of the meeting. Except as otherwise provided by the Standing Rules of the County Board, no action shall be taken on any item not appearing in the agenda.

When addressing the Board, please sign in at the podium and state your name and address for the record. Please address the Board as a whole through the Chair. Comments to individual Commissioners or staff are not permitted. The St. Louis County Board promotes adherence to civility in conducting the business of the County. Civility will provide increased opportunities for civil discourse in order to find positive resolutions to the issue before the Board. Tools of civility include: pay attention, listen, be inclusive, do not gossip, show respect, be agreeable, apologize, give constructive criticism and take responsibility [County Board Resolution No. 560, adopted on September 9, 2003]. Speakers will be limited to five (5) minutes.

****In compliance with the Americans with Disabilities Act, those requiring accommodation for this meeting should notify Property Management 72 hours prior to the meeting at (218)725-5085.****

All supporting documentation is available for public review in the County Auditor's Office, 100 North 5th Avenue West - Room No. 214, St. Louis County Courthouse, Duluth, MN, during regular business hours 8:00 A.M. - 4:30 P.M., Monday through Friday. Agenda is also available on our website at <http://www.stlouiscountymn.gov/GOVERNMENT/BoardofCommissioners.aspx>

CONSENT AGENDA

Approval of business submitted on the consent agenda.

REGULAR AGENDA

Environment & Natural Resources Committee – Commissioner Rukavina, Chair

1. Special sale of state tax forfeited land to the Duluth Housing and Redevelopment Authority (HRA). {16-277} [Without recommendation.]

ADJOURNED:

NOTE: At the conclusion of the County Board meeting, the St. Louis County Housing and Redevelopment Authority (HRA) will convene.

a joint operating agreement. The City of Ely donated the land for the project. The total amount necessary for the refinancing is not to exceed \$4.1 million.

The City HRA would issue the revenue bonds to refinance the project. The term of the bonds is expected to be 35 years. Principal and interest on the bonds will be paid from rental payments. It is proposed that the payment of the bonds will be additionally secured by the general obligation of St. Louis County and, pursuant to a joint powers agreement, the county will be indemnified by up to \$3 million by the City of Ely. The bonds issued by the City HRA in 2006 were secured by the general obligation of St. Louis County, but the bonds issued by the City HRA in 2008 were not. The City HRA has been informed by its municipal advisors that (i) refunding of the 2006 and 2008 bonds would reduce the City HRA's debt service costs and (ii) involvement by the county and County HRA as described in this letter would provide access by the City HRA to the lowest possible interest rates for the proposed refunding bonds.

The legal arrangements for ownership and management of the project and indemnification of St. Louis County and the County HRA by the City HRA will be materially similar to those entered into in 2006.

RECOMMENDATION:

It is recommended that the St. Louis County Board establish the time and date for a public sale of the Refunding Bonds and approve the terms on which the Refunding Bonds will be offered for sale by Northland Securities, Inc.

RESOLUTION NO. _____

**RESOLUTION APPROVING THE TERMS OF OFFERING OF AN ISSUE
OF GOVERNMENTAL HOUSING REVENUE REFUNDING BONDS OF
THE HOUSING AND REDEVELOPMENT AUTHORITY IN AND FOR
THE CITY OF ELY**

BE IT RESOLVED, by the Board of Commissioners (the “Board”) of St. Louis County, Minnesota (the “County”), as follows:

Section 1. Recitals. The Board makes the following recitals of fact:

A. The Housing and Redevelopment Authority of St. Louis County (the “HRA”) was established by the County and is authorized to exercise housing and economic development powers among others.

B. In furtherance of the objectives of the HRA, the HRA and the Housing and Redevelopment Authority in and for the City of Ely, Minnesota (the “City HRA”) undertook a qualified housing development project consisting of 26 units of housing for moderate income elderly persons (the “Project”) located on Washington Street between Eighth and Tenth Avenues in the City of Ely, Minnesota (the “City”). The City HRA requested the HRA to assist in financing the Project.

C. In order to refinance the Project, the City HRA proposes to issue its Governmental Housing Revenue Refunding Bonds, Series 2016, in an amount of not to exceed \$4,100,000, excluding original issue discount and premium (the “Bonds”), to refund the outstanding amount of the following obligations of the City HRA:

- i. Housing Development Revenue Bonds, Series 2006A (St. Louis County, Minnesota, General Obligation), dated November 16, 2006; and
- ii. Housing Development Revenue Bond, Series 2008, dated June 4, 2008.

D. The Project is and would continue to be jointly owned by the City HRA and the HRA and operated by the City HRA pursuant to an Operating Agreement between the City HRA and the HRA (the “Operating Agreement”), which contains an option to purchase the Project by the City HRA.

E. Under the Operating Agreement, the City HRA would operate the Project in a manner to generate rents in amounts sufficient to pay 110% of principal of and interest on the Bonds.

F. In order to provide additional security for the Bonds, the City HRA has requested that the County approve the pledge by the City HRA of the general obligation of the County, subject to the terms and conditions of a Joint Powers Agreement (the “JPA”) between the City HRA, the City, the HRA and the County. Under the JPA, the City would indemnify the County for payment of a \$3,000,000 portion of principal of the Bonds plus accrued interest.

G. The Board has this day held a public hearing on the matter of securing the Bonds with the general obligation of the County at which all wishing to speak were heard.

Section 2. The Bonds. The Board hereby finds and determines that it is necessary and desirable that in order to reduce debt service costs the City HRA issue, sell and deliver the Bonds to refinance the Project and pay the costs of issuance of the Bonds.

Section 3. Notice of Sale. The terms and conditions for the sale of the Bonds set forth in the Notice of Sale attached hereto as Exhibit A are approved.

Section 4. Further Action.

A. The form, specifications and provisions for repayment of the Bonds and the JPA shall be considered in a subsequent resolution of the Board.

B. The Board shall meet on August 2, 2016, at 1:30 p.m., or as soon thereafter as reasonably possible, to take further action with respect to the Bonds and the JPA. Such approval shall be subject to approval by the City HRA of the issuance of the Bonds and the approval by the County HRA and the City of Ely.

Adopted: July 5, 2016.

EXHIBIT A

NOTICE OF SALE

\$4,045,000*

GOVERNMENTAL HOUSING REVENUE REFUNDING BONDS, SERIES 2016A
(ST. LOUIS COUNTY GENERAL OBLIGATION)

HOUSING AND REDEVELOPMENT AUTHORITY IN AND FOR THE CITY OF ELY,
MINNESOTA
(Book-Entry Only)

NOTICE IS HEREBY GIVEN that these Bonds will be offered for sale according to the following terms:

TIME AND PLACE:

Proposals will be opened by the Executive Director of the Housing and Redevelopment Authority in and for the City of Ely, Minnesota (the "Issuer" or the "HRA"), or designee, on Tuesday, August 2, 2016, at 10:30 A.M., CT, at the offices of Northland Securities, Inc., 45 South 7th Street, Suite 2000, Minneapolis, Minnesota 55402. Consideration of the Proposals for award of the sale will be by the HRA at its meeting at the Offices beginning Tuesday, August 2, 2016 at 5:00 P.M., CT.

SUBMISSION OF PROPOSALS

Proposals may be:

- a) submitted to the office of Northland Securities, Inc.,
- b) faxed to Northland Securities, Inc. at 612-851-5918,
- c) for proposals submitted prior to the sale, the final price and coupon rates may be submitted to Northland Securities, Inc. by telephone at 612-851-5900 or 612-851-4920, or
- d) submitted electronically.

Notice is hereby given that electronic proposals will be received via PARITY™, or its successor, in the manner described below, until 10:30 A.M., CT, on Tuesday, August 2, 2016. Proposals may be submitted electronically via PARITY™ or its successor, pursuant to this Notice until 10:30 A.M., CT, but no Proposal will be received after the time for receiving Proposals specified above. To the extent any instructions or directions set forth in PARITY™, or its successor, conflict with this Notice, the terms of this Notice shall control. For further information about PARITY™, or its successor, potential bidders may contact Northland Securities, Inc. or i-Deal® at 1359 Broadway, 2nd floor, New York, NY 10018, telephone 212-849-5021.

Neither the Issuer nor Northland Securities, Inc. assumes any liability if there is a malfunction of PARITY™ or its successor. All bidders are advised that each Proposal shall be deemed to constitute a contract between the bidder and the Issuer to purchase the Bonds regardless of the manner in which the Proposal is submitted.

* The Issuer reserves the right to increase or decrease the principal amount of the Bonds. Any such increase or decrease will be made in multiples of \$5,000 and may be made in any maturity. If any maturity is adjusted, the purchase price will also be adjusted to maintain the same gross spread.

BOOK-ENTRY SYSTEM

The Bonds will be issued by means of a book-entry system with no physical distribution of bond certificates made to the public. The Bonds will be issued in fully registered form and one bond certificate, representing the aggregate principal amount of the Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of Depository Trust Company (“DTC”), New York, New York, which will act as securities depository of the Bonds.

Individual purchases of the Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the Issuer through Northland Trust Services, Inc. Minneapolis, Minnesota (the “Paying Agent/Registrar”), to DTC, or its nominee as registered owner of the Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The successful bidder, as a condition of delivery of the Bonds, will be required to deposit the bond certificates with DTC. The Issuer will pay reasonable and customary charges for the services of the Paying Agent/Registrar.

DATE OF ORIGINAL ISSUE OF BONDS

September 1, 2016

AUTHORITY/PURPOSE/SECURITY

The Bonds are being issued pursuant to Minnesota Statutes, Chapters 469.001 through 469.047, as amended. Proceeds will be used to current refund the existing maturities of the Housing and Redevelopment Authority in and for the City of Ely’s Housing Revenue Bonds, Series 2006A and current refund the existing maturities of the Housing and Redevelopment Authority in and for the City of Ely’s Housing Revenue Bonds, Series 2008. The Bonds are payable from net revenues of the Northwoods Townhouse Project (a senior rental housing facility) and are valid and binding general obligations of St. Louis County, Minnesota.

INTEREST PAYMENTS

Interest is due semiannually on each May 1 and November 1, commencing May 1, 2017, to registered owners of the Bonds appearing of record in the Bond Register as of the close of business on the fifteenth day (whether or not a business day) of the calendar month preceding such interest payment date.

MATURITIES

Principal is due annually on November 1, inclusive, in each of the years and amounts as follows:

<u>Year</u>	<u>Amount</u>	<u>Year</u>	<u>Amount</u>	<u>Year</u>	<u>Amount</u>
2017	\$45,000	2025	\$120,000	2033	\$190,000
2018	70,000	2026	130,000	2034	200,000
2019	75,000	2027	145,000	2035	210,000
2020	85,000	2028	140,000	2036	230,000
2021	90,000	2029	140,000	2037	245,000
2022	95,000	2030	150,000	2038	260,000
2023	105,000	2031	165,000	2039	275,000
2024	110,000	2032	170,000	2040	290,000
				2041	310,000

Proposals for the Bonds may contain a maturity schedule providing for any combination of serial bonds and term bonds, subject to mandatory redemption, so long as the amount of principal maturing or subject to mandatory redemption in each year conforms to the maturity schedule set forth above.

INTEREST RATES

All rates must be in integral multiples of 1/20th or 1/8th of 1%. The dollar price of the callable maturities, 2025 through 2041, inclusive, shall not exceed a maximum price of 102.00%. All Bonds of the same maturity must bear a single uniform rate from date of issue to maturity.

ADJUSTMENTS TO PRINCIPAL AMOUNT AFTER PROPOSALS

The Issuer reserves the right to increase or decrease the principal amount of the Bonds. Any such increase or decrease will be made in multiples of \$5,000 and may be made in any maturity. If any maturity is adjusted, the purchase price will also be adjusted to maintain the same gross spread. Such adjustments shall be made promptly after the sale and prior to the award of Proposals by the Issuer and shall be at the sole discretion of the Issuer. The successful bidder may not withdraw or modify its Proposal once submitted to the Issuer for any reason, including post-sale adjustment. Any adjustment shall be conclusive and shall be binding upon the successful bidder.

OPTIONAL REDEMPTION

Bonds maturing on November 1, 2025 through 2041 are subject to redemption and prepayment at the option of the Issuer on November 1, 2024 and any date thereafter, at a price of par plus accrued interest. Redemption may be in whole or in part of the Bonds subject to prepayment. If redemption is in part, the maturities and principal amounts within each maturity to be redeemed shall be determined by the Issuer and if only part of the Bonds having a common maturity date are called for prepayment, the specific Bonds to be prepaid shall be chosen by lot by the Bond Registrar.

CUSIP NUMBERS

If the Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Bonds, but neither the failure to print such numbers on any Bond nor any error with respect thereto shall constitute cause for a failure or refusal by the successful bidder thereof to accept delivery of and pay for the Bonds in accordance with terms of the purchase contract. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the successful bidder.

DELIVERY

Delivery of the Bonds will be within forty days after award, subject to an approving legal opinion by Fryberger, Buchanan, Smith & Frederick, P.A., Bond Counsel. The legal opinion will be paid by the Issuer and delivery will be anywhere in the continental United States without cost to the successful bidder at DTC.

TYPE OF PROPOSAL

Proposals of not less than \$3,996,460 (98.80%) and accrued interest on the principal sum of \$4,045,000 must be filed with the undersigned prior to the time of sale. Proposals must be unconditional except as to legality. Proposals for the Bonds should be delivered to Northland Securities, Inc. and addressed to:

Marty Hendrickson, Executive Director
Housing and Redevelopment Authority in and for the City of Ely
114 North Eighth Avenue, #111
Ely, Minnesota 55731

A good faith deposit (the “Deposit”) in the amount of \$80,900 in the form of a federal wire transfer (payable to the order of the Issuer) is only required from the apparent winning bidder, and must be received within two hours after the time stated for the receipt of Proposals. The apparent winning bidder will receive notification of the wire instructions from the Municipal Advisor promptly after the sale. If the Deposit is not received from the apparent winning bidder in the time allotted, the Issuer may choose to reject their Proposal and then proceed to offer the Bonds to the next lowest bidder based on the terms of their original proposal, so long as said bidder wires funds for the Deposit amount within two hours of said offer.

The Issuer will retain the Deposit of the successful bidder, the amount of which will be deducted at settlement and no interest will accrue to the successful bidder. In the event the successful bidder fails to comply with the accepted Proposal, said amount will be retained by the Issuer. No Proposal can be withdrawn after the time set for receiving Proposals unless the meeting of the Issuer scheduled for award of the Bonds is adjourned, recessed, or continued to another date without award of the Bonds having been made.

AWARD

The Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis. The Issuer’s computation of the interest rate of each Proposal, in accordance with customary practice, will be controlling. In the event of a tie, the sale of the Bonds will be awarded by lot. The Issuer will reserve the right to: (i) waive non-substantive informalities of any Proposal or of matters relating to the receipt of Proposals and award of the Bonds, (ii) reject all Proposals without cause, and (iii) reject any Proposal which the Issuer determines to have failed to comply with the terms herein.

INFORMATION FROM SUCCESSFUL BIDDER

The successful bidder will be required to provide, in a timely manner, certain information relating to the initial offering price of the Bonds necessary to compute the yield on the Bonds pursuant to the provisions of the Internal Revenue Code of 1986, as amended.

OFFICIAL STATEMENT

By awarding the Bonds to any underwriter or underwriting syndicate submitting a Proposal therefor, the Issuer agrees that, no more than seven business days after the date of such award, it shall provide to the senior managing underwriter of the syndicate to which the Bonds are awarded, the Final Official Statement in an electronic format as prescribed by the Municipal Securities Rulemaking Board (MSRB).

FULL CONTINUING DISCLOSURE UNDERTAKING

The County will covenant in the resolution awarding the sale of the Bonds and in a Continuing Disclosure Undertaking to provide, or cause to be provided, annual financial information, including audited financial statements of the Issuer, and notices of certain material events, as required by SEC Rule 15c2-12.

BANK QUALIFICATION

The Issuer will designate the Bonds as qualified tax-exempt obligations for purposes of Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

BOND INSURANCE AT UNDERWRITER'S OPTION

If the Bonds qualify for issuance of any policy of municipal bond insurance or commitment therefor at the option of the successful bidder, the purchase of any such insurance policy or the issuance of any such commitment shall be at the sole option and expense of the successful bidder of the Bonds. Any increase in the costs of issuance of the Bonds resulting from such purchase of insurance shall be paid by the successful bidder, except that, if the Issuer has requested and received a rating on the Bonds from a rating agency, the Issuer will pay that rating fee. Any other rating agency fees shall be the responsibility of the successful bidder. Failure of the municipal bond insurer to issue the policy after the Bonds have been awarded to the successful bidder shall not constitute cause for failure or refusal by the successful bidder to accept delivery on the Bonds.

The Issuer reserves the right to reject any and all Proposals, to waive informalities and to adjourn the sale.

**RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF
ST. LOUIS COUNTY, MINNESOTA, APPROVING AN AMENDMENT
TO THE TRANSPORTATION SALES AND USE TAX
TRANSPORTATION IMPROVEMENT PLAN**

WHEREAS, Under and pursuant to Minnesota Statutes, Section 297A.993 (the “Act”), the St. Louis County Board (the “County Board”) has previously approved Resolution No. 14-665 on December 2, 2014, implementing the Greater Minnesota Transportation Sales and Use Tax and approving the projects to be funded with such sales and use tax as set forth in the transportation improvement plan identified as the St. Louis County Greater MN Transportation Sales and Use Tax Transportation Plan dated November 25, 2014, and approved on December 2, 2014 (the “Transportation Improvement Plan”); and

WHEREAS, The County Board has proposed an amendment to the Transportation Improvement Plan, which includes within the proposed amendment the additional projects to be funded from local option sales and use tax for transportation and an increase in the estimated cost of the projects to be financed under the Transportation Improvement Plan, as amended, from \$642,000,000 to \$894,916,448; and

WHEREAS, Pursuant to the Act and County Board Resolution No. 14-665 and following published notice of the public hearing, the County Board held a public hearing for the purpose of receiving comments on the proposed amendment to the Transportation Improvement Plan on Tuesday, July 5, 2016, in the St. Louis County Courthouse, Duluth, Minnesota.

THEREFORE, BE IT RESOLVED, That the St. Louis County Board of Commissioners hereby approves the St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan, dated November 25, 2014, Amended July 5, 2016 (County Board File No. _____), and approves the funding of such transportation improvements identified in the Transportation Improvement Plan, as amended, by the local option sales and use tax for transportation authorized by County Board Resolution No. 14-665 adopted December 2, 2014.

Adopted: July 5, 2016.

BOARD LETTER NO. 16 - 299

FINANCE & BUDGET COMMITTEE

JULY 5, 2016 BOARD AGENDA 9:50 A.M. PUBLIC HEARING

DATE: July 5, 2016

RE: Public Hearing on an Amendment to the Capital Improvement Plan and on the Intent to Issue Capital Improvement Bonds to Incorporate the Amended Transportation Improvement Plan, Approval of Official Terms of Offering of Bonds and Refunding Bonds

FROM: Kevin Z. Gray
County Administrator

Donald Dicklich
County Auditor/Treasurer

RELATED DEPARTMENT GOAL:

To provide for effective, efficient government.

ACTION REQUESTED:

The St. Louis County Board is requested to consider an Amendment to the Capital Improvement Plan and Intent to Issue Capital Improvement Bonds and incorporate the Amended Transportation Improvement Plan.

BACKGROUND:

The St. Louis County Board is authorized under Minn. Stat. § 373.40, Subd. 3, to adopt a five year capital improvement plan and prepare annual amendments. The plan must set forth the estimated schedule, timing, and details of specific capital improvements by year, together with the estimated cost, the need for the improvement, and sources of revenues to pay for the improvement. The process, as outlined in the statute, is as follows:

1. A public hearing is held to allow public input into the capital improvement plan.
2. The Board of Commissioners considers approval of the capital improvement plan after the public hearing.

The county has amended its Capital Improvement Plan to include updates on the improvements to roads and bridges throughout the county as set forth in the Amended St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan. The proposed 2016-2020 Capital Improvement Plan was provided to commissioners in electronic format for review.

Further, the County Board is considering the issuance of capital improvement bonds in an amount not to exceed \$25,000,000 for the purpose of implementing the Amended Transportation Improvement Plan. The county is also considering the issuance of refunding bonds for the previously issued \$20,650,000 General Obligation Capital Improvement Bonds, Series 2013 A, dated September 5, 2013.

RECOMMENDATION:

It is recommended that the St. Louis County Board, upon receiving input from the general public, approve the 2016-2020 Amendment to the Capital Improvement Plan to include updates as set forth in the Amended St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan.

It is further recommended that the St. Louis County Board approve the official terms of offering of General Obligation Capital Improvement Bonds, Series 2016A and General Obligation Capital Improvement Refunding Bonds, Series 2016B.

**RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF
ST. LOUIS COUNTY, MINNESOTA APPROVING THE CAPITAL
IMPROVEMENT PLAN, AS AMENDED, AND STATING THE INTENT
TO ISSUE GENERAL OBLIGATION CAPITAL IMPROVEMENT
BONDS UNDER MINNESOTA STATUTES, SECTION 373.40**

BE IT RESOLVED, by the Board of County Commissioners (the “Board”) of St. Louis County, Minnesota (the “County”), as follows:

Section 1. The Board, pursuant to Minnesota Statutes, Section 373.40 (the “Act”), previously approved a Capital Improvement Plan, as amended (the “Capital Improvement Plan”). Following a public hearing on July 5, 2016, as required by the Act, the Board considered a proposed amendment to the Capital Improvement Plan, and the Board has considered the following for each project described in the proposed amendment and the overall plan:

- (i) the condition of the County’s existing infrastructure, including the projected need for repair or replacement;
- (ii) the likely demand for the improvement;
- (iii) the estimated cost of the improvement;
- (iv) the available public resources;
- (v) the level of overlapping debt in the County;
- (vi) the relative benefits and costs of alternative uses of the funds;
- (vii) operating costs of the proposed improvements; and
- (viii) alternatives for providing services more efficiently through shared facilities with other cities or local government units.

The Board, based on the considerations set forth in the amendment and overall plan and as set forth herein, hereby approves the Capital Improvement Plan, as amended for the years 2016 through 2020, as presented to the Board, and on file as County Board Document File No. _____ (the “Plan”).

Section 2. Under and pursuant to the authority contained in the Act and Minnesota Statutes, Chapter 475, the County is authorized to issue capital improvement bonds to provide funds for capital improvements pursuant to the Plan.

Section 3. Following a public hearing on July 5, 2016, regarding the issuance of capital improvement bonds, the Board hereby finds and determines that it is necessary, expedient, and in the best interests of the County’s residents that the County issue, sell and deliver general obligation capital improvement bonds in the maximum amount of \$25,000,000

(the “Bonds”), for the purpose of providing funds for the following capital improvements under the Plan and for the payment of costs of issuance of the Bonds:

Road and Bridge Improvements – a portion of the road and bridge improvements identified in the St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan dated November 25, 2014, and approved on December 2, 2014, as amended on July 5, 2016, which is a part of the County’s Capital Improvement Plan, as amended.

Section 4. The County Auditor shall publish a notice of intent to issue capital improvement bonds in substantially the form attached hereto as Exhibit A as soon as practicable following the public hearing in the official newspaper of the County. If, within 30 days after July 5, 2016, a petition is filed with the County Auditor calling for a vote on the proposition of issuing the Bonds, signed by voters residing within the boundaries of the County equal to five percent of the votes cast in the County in the last County general election, (i) the Bonds shall not be issued until the question of their issuance has been authorized by a majority of the voters voting on the question at the next general or special election called to decide the question, or (ii) if the County elects not to submit the question to the voters, the County shall not propose the issuance of bonds under the Act for the same purpose and in the same amount for a period of 365 days from the date of receipt of such petition.

Adopted July 5, 2016

EXHIBIT A

NOTICE OF INTENT TO ISSUE CAPITAL IMPROVEMENT BONDS PURSUANT TO MINNESOTA STATUTES, SECTION 373.40, BY ST. LOUIS COUNTY, MINNESOTA

NOTICE IS HEREBY GIVEN that under and pursuant to the authority contained in Minnesota Statutes, Section 373.40 (the “Act”), and Minnesota Statutes, Chapter 475, the Board of Commissioners of St. Louis County, Minnesota (the “Board”), is authorized to issue general obligation capital improvement bonds to provide funds for capital improvements pursuant to an amendment to the Capital Improvement Plan for the years 2016 through 2020 approved by the Board on July 5, 2016 (the “Plan”). Following a public hearing on July 5, 2016, the Board by resolution adopted July 5, 2016 (the “Resolution”), determined that it is necessary, expedient, and in the best interests of the County’s residents that the County issue, sell and deliver general obligation capital improvement bonds in the maximum amount of \$25,000,000 (the “Bonds”), to provide funds for the following capital improvements under the Plan and for costs of issuance of the Bonds:

Road and Bridge Improvements – a portion of the road and bridge improvements identified in the St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan dated November 25, 2014, and approved on December 2, 2014, as amended on July 5, 2016, which is a part of the County’s Capital Improvement Plan, as amended.

If, within 30 days after July 5, 2016, a petition is filed with the County Auditor calling for a vote on the proposition of issuing the Bonds, signed by voters residing within the boundaries of the County equal to five percent of the votes cast in the County in the last County general election, the Bonds shall not be issued until the question of their issuance has been authorized by a majority of the voters voting on the question at the next general or special election called to decide the question, except as otherwise permitted under the Act.

BY ORDER OF THE BOARD OF COMMISSIONERS

/s/ Donald Dicklich, County Auditor

**RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF
ST. LOUIS COUNTY, MINNESOTA, APPROVING OFFICIAL TERMS
OF OFFERING OF GENERAL OBLIGATION CAPITAL
IMPROVEMENT BONDS, SERIES 2016A**

BE IT RESOLVED, by the Board of County Commissioners (the “Board”) of St. Louis County, Minnesota (the “County”), as follows:

Section 1. Under and pursuant to the authority contained in Minnesota Statutes, Section 373.40, and Minnesota Statutes, Chapter 475 (collectively the “Act”), the County is authorized to issue general obligation capital improvement bonds to provide funds for capital improvements pursuant to an approved capital improvement plan.

Section 2. Pursuant to a Resolution adopted by the Board on July 5, 2016 (the “Resolution”), the Board stated its intention to issue general obligation capital improvement bonds in the maximum amount of \$25,000,000 for certain capital improvements, including road and bridge improvements, authorized in an amendment to the County’s Capital Improvement Plan for the years 2016 through 2020 and approved by the Board on July 5, 2016.

Section 3. The Board hereby determines that it is necessary, expedient, and in the best interests of the County’s residents that the County issue, sell and deliver its general obligation capital improvement bonds in the maximum principal amount of \$25,000,000, together with up to 2% of additional amount as authorized by Minnesota Statutes, Section 475.56, for the purpose of providing funds for the following capital improvements pursuant to the Capital Improvement Plan, as amended, for the years 2016 through 2020, and for costs of issuance of such bonds:

Road and Bridge Improvements – a portion of the road and bridge improvements identified in the “St. Louis County Greater MN Transportation Sales and Use Tax Transportation Improvement Plan” dated November 25, 2014, and approved on December 2, 2014, as amended, which is a part of the County’s Capital Improvement Plan, as amended.

Section 4. The County’s administrative staff is hereby authorized and directed to work with bond counsel, and Springsted Incorporated, independent financial adviser to the County, to solicit proposals and to arrange for the sale of the County’s General Obligation Capital Improvement Bonds, Series 2016A in the maximum amount of \$25,000,000, together with up to 2% of additional amount as authorized by Minnesota Statutes, Section 475.56 (the “Bonds”), for the purposes of and pursuant to the authorizations recited in Sections 2 and 3 above in substantial compliance with the Terms of Proposal attached hereto as Exhibit A. Each and all of the terms and provisions set forth in the Terms of Proposal are adopted and confirmed as the terms and conditions of the Bonds and the sale thereof. Due to a rapidly changing bond market, the County Auditor, after consulting with the County’s financial advisor and bond counsel, is authorized to modify the Terms of Proposal prior to accepting the proposals, including but not limited to rescheduling the sale or cancelling the sale. The proposals shall be received at the administrative offices of Springsted Incorporated until 11:30 a.m. central time on August 8, 2016, and consideration for the award of the Bonds will be by the Board at 9:30 a.m. on August 9, 2016.

Section 5. The Board shall meet on August 9, 2016, in accordance with the Terms of Proposal, to consider proposals for the purchase of the Bonds and to take whatever actions are necessary for the acceptance or rejection of the proposals.

Section 6. Declaration of Official Intent. This resolution constitutes a declaration of official intent under Treasury Regulations Section 1.150-2. The County reasonably expects to reimburse expenditures with respect to the capital expenditures of the Project being financed.

Adopted: July 5, 2016.

EXHIBIT A

THE COUNTY HAS AUTHORIZED SPRINGSTED INCORPORATED TO NEGOTIATE THIS ISSUE ON ITS BEHALF. PROPOSALS WILL BE RECEIVED ON THE FOLLOWING BASIS:

TERMS OF PROPOSAL

\$25,000,000*

ST. LOUIS COUNTY, MINNESOTA

GENERAL OBLIGATION CAPITAL IMPROVEMENT BONDS, SERIES 2016A

(BOOK ENTRY ONLY)

Proposals for the Series 2016A Bonds will be received on Monday, August 8, 2016, until 11:30 A.M., Central Time, at the offices of Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota, after which time proposals will be opened and tabulated. Consideration for award of the Series 2016A Bonds will be by the County Board at 9:30 A.M., Central Time, of the following day, Tuesday, August 9, 2016.

SUBMISSION OF PROPOSALS

Springsted will assume no liability for the inability of the bidder to reach Springsted prior to the time of sale specified above. All bidders are advised that each proposal shall be deemed to constitute a contract between the bidder and the County to purchase the Series 2016A Bonds regardless of the manner in which the proposal is submitted.

(a) **Sealed Bidding.** Proposals may be submitted in a sealed envelope or by fax (651) 223-3046 to Springsted. Signed proposals, without final price or coupons, may be submitted to Springsted prior to the time of sale. The bidder shall be responsible for submitting to Springsted the final proposal price and coupons, by telephone (651) 223-3000 or fax (651) 223-3046 for inclusion in the submitted proposal.

1.

2. **OR**

3.

(b) **Electronic Bidding.** Notice is hereby given that electronic proposals will be received via PARITY[®]. For purposes of the electronic bidding process, the time as maintained by PARITY[®] shall constitute the official time with respect to all proposals submitted to PARITY[®]. *Each bidder shall be solely responsible for making necessary arrangements to access PARITY[®] for purposes of submitting its electronic proposal in a timely manner and in compliance with the requirements of the Terms of Proposal.* Neither the County, its agents nor PARITY[®] shall have any duty or Series 2016A Bond to undertake registration to bid for any prospective bidder or to provide or ensure electronic access to any qualified prospective bidder, and neither the County, its agents nor PARITY[®] shall be responsible for a bidder's failure to register to bid or for any failure in the proper operation of, or have any liability for any delays or interruptions of or any damages caused by the services of PARITY[®]. The County is using the services of PARITY[®] solely as a communication mechanism to conduct the electronic bidding for the Series 2016A Bonds, and PARITY[®] is not an agent of the County.

If any provisions of this Terms of Proposal conflict with information provided by PARITY[®], this Term of Proposal shall control. Further information about PARITY[®], including any fee charged, may be obtained from:

PARITY®, 1359 Broadway, 2nd Floor, New York, New York 10018
Customer Support: (212) 849-5000

DETAILS OF THE SERIES 2016A BONDS

The Series 2016A Bonds will be dated as of the date of delivery and will bear interest payable on June 1 and December 1 of each year, commencing June 1, 2017. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

The Series 2016A Bonds will mature December 1 in the years and amounts* as follows:

2017	\$1,375,000	2020	\$1,550,000	2023	\$1,630,000	2026	\$1,720,000	2029	\$1,830,000
2018	\$1,505,000	2021	\$1,575,000	2024	\$1,655,000	2027	\$1,755,000	2030	\$1,875,000
2019	\$1,525,000	2022	\$1,600,000	2025	\$1,690,000	2028	\$1,790,000	2031	\$1,925,000

* *The County reserves the right, after proposals are opened and prior to award, to increase or reduce the principal amount of the Series 2016A Bonds or the amount of any maturity in multiples of \$5,000. In the event the amount of any maturity is modified, the aggregate purchase price will be adjusted to result in the same gross spread per \$1,000 of Series 2016A Bonds as that of the original proposal. Gross spread is the differential between the price paid to the County for the new issue and the prices at which the securities are initially offered to the investing public.*

Proposals for the Series 2016A Bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption at a price of par plus accrued interest to the date of redemption scheduled to conform to the maturity schedule set forth above. In order to designate term bonds, the proposal must specify “Years of Term Maturities” in the spaces provided on the proposal form.

BOOK ENTRY SYSTEM

The Series 2016A Bonds will be issued by means of a book entry system with no physical distribution of Series 2016A Bonds made to the public. The Series 2016A Bonds will be issued in fully registered form and one Series 2016A Bond, representing the aggregate principal amount of the Series 2016A Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository of the Series 2016A Bonds. Individual purchases of the Series 2016A Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the registrar to DTC or its nominee as registered owner of the Series 2016A Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The purchaser, as a condition of delivery of the Series 2016A Bonds, will be required to deposit the Series 2016A Bonds with DTC.

REGISTRAR

The County Auditor of the County will serve as registrar for the series 2016A Bonds.

OPTIONAL REDEMPTION

The County may elect on December 1, 2025, and on any day thereafter, to prepay Series 2016A Bonds due on or after December 1, 2026. Redemption may be in whole or in part and if in part at the option of the County and in such manner as the County shall determine. If less than all Series 2016A Bonds of a

maturity are called for redemption, the County will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.

SECURITY AND PURPOSE

The Series 2016A Bonds will be general obligations of the County for which the County will pledge its full faith and credit and power to levy direct general ad valorem taxes. The proceeds of the Bonds will be used to finance road improvement projects within the County.

BIDDING PARAMETERS

Proposals shall be for not less than \$25,000,000 (Par) plus accrued interest, if any, on the total principal amount of the Series 2016A Bonds. No proposal can be withdrawn or amended after the time set for receiving proposals unless the meeting of the County scheduled for award of the Series 2016A Bonds is adjourned, recessed, or continued to another date without award of the Series 2016A Bonds having been made. Rates shall be in integral multiples of 1/100 or 1/8 of 1%. The initial price to the public for each maturity must be 98.0% or greater. Series 2016A Bonds of the same maturity shall bear a single rate from the date of the Series 2016A Bonds to the date of maturity. No conditional proposals will be accepted.

GOOD FAITH DEPOSIT

To have its proposal considered for award, the lowest bidder is required to submit a good faith deposit to the County in the amount of \$250,000 (the "Deposit") no later than 3:00 P.M., Central Time on the day of sale. The Deposit may be delivered as described herein in the form of either (i) a certified or cashier's check payable to the County; or (ii) a wire transfer. The lowest bidder shall be solely responsible for the timely delivery of their Deposit whether by check or wire transfer. Neither the County nor Springsted Incorporated have any liability for delays in the receipt of the Deposit. If the Deposit is not received by the specified time, the County may, at its sole discretion, reject the proposal of the lowest bidder, direct the second lowest bidder to submit a Deposit, and thereafter award the sale to such bidder.

Certified or Cashier's Check. A Deposit made by certified or cashier's check will be considered timely delivered to the County if it is made payable to the County and delivered to Springsted Incorporated, 380 Jackson Street, Suite 300, St. Paul, Minnesota 55101 by the specified time.

Wire Transfer. A Deposit made by wire will be considered timely delivered to the County upon submission of a federal wire reference number by the specified time. Wire transfer instructions will be available from Springsted Incorporated following the receipt and tabulation of proposals. The successful bidder must send an e-mail including the following information: (i) the federal reference number and time released; (ii) the amount of the wire transfer; and (iii) the issue to which it applies.

Once an award has been made, the Deposit received from the lowest bidder (the "purchaser") will be retained by the County and no interest will accrue to the purchaser. The amount of the Deposit will be deducted at settlement from the purchase price. In the event the purchaser fails to comply with the accepted proposal, said amount will be retained by the County.

AWARD

The Series 2016A Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis calculated on the proposal prior to any adjustment made by the County. The County's computation of the interest rate of each proposal, in accordance with customary practice, will be controlling.

The County will reserve the right to: (i) waive non-substantive informalities of any proposal or of matters relating to the receipt of proposals and award of the Series 2016A Bonds, (ii) reject all proposals without cause, and (iii) reject any proposal that the County determines to have failed to comply with the terms herein.

BOND INSURANCE AT PURCHASER'S OPTION

The County has **not** applied for or pre-approved a commitment for any policy of municipal bond insurance with respect to the Series 2016A Bonds. If the Series 2016A Bonds qualify for municipal bond insurance and a bidder desires to purchase a policy, such indication, the maturities to be insured, and the name of the desired insurer must be set forth on the bidder's proposal. The County specifically reserves the right to reject any bid specifying municipal bond insurance, even though such bid may result in the lowest TIC to the County. All costs associated with the issuance and administration of such policy and associated ratings and expenses (other than any independent rating requested by the County) shall be paid by the successful bidder. Failure of the municipal bond insurer to issue the policy after the award of the Series 2016A Bonds shall not constitute cause for failure or refusal by the successful bidder to accept delivery of the Series 2016A Bonds.

CUSIP NUMBERS

If the Series 2016A Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Series 2016A Bonds, but neither the failure to print such numbers on any Series 2016A Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser to accept delivery of the Series 2016A Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the purchaser.

SETTLEMENT

On or about September 8, 2016, the Series 2016A Bonds will be delivered without cost to the purchaser through DTC in New York, New York. Delivery will be subject to receipt by the purchaser of an approving legal opinion of Fryberger, Buchanan, Smith & Frederick, P.A., Duluth, Minnesota, and of customary closing papers, including a no-litigation certificate. On the date of settlement, payment for the Series 2016A Bonds shall be made in federal, or equivalent, funds that shall be received at the offices of the County or its designee not later than 12:00 Noon, Central Time. Unless compliance with the terms of payment for the Series 2016A Bonds has been made impossible by action of the County, or its agents, the purchaser shall be liable to the County for any loss suffered by the County by reason of the purchaser's non-compliance with said terms for payment.

CONTINUING DISCLOSURE

In accordance with SEC Rule 15c2-12(b)(5), the County will undertake, pursuant to the resolution awarding sale of the Series 2016A Bonds, to provide annual reports and notices of certain events. A description of this undertaking is set forth in the Official Statement. The purchaser's obligation to purchase the Series 2016A Bonds will be conditioned upon receiving evidence of this undertaking at or prior to delivery of the Series 2016A Bonds.

OFFICIAL STATEMENT

The County has authorized the preparation of a Preliminary Official Statement containing pertinent information relative to the Series 2016A Bonds, and said Preliminary Official Statement will serve as a nearly final Official Statement within the meaning of Rule 15c2-12 of the Securities and Exchange

Commission. For copies of the Preliminary Official Statement or for any additional information prior to sale, any prospective purchaser is referred to the Municipal Advisor to the County, Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota 55101, telephone (651) 223-3000.

A Final Official Statement (as that term is defined in Rule 15c2-12) will be prepared, specifying the maturity dates, principal amounts and interest rates of the Series 2016A Bonds, together with any other information required by law. By awarding the Series 2016A Bonds to an underwriter or underwriting syndicate, the County agrees that, no more than seven business days after the date of such award, it shall provide without cost to the sole underwriter or to the senior managing underwriter of the syndicate (the "Underwriter" for purposes of this paragraph) to which the Series 2016A Bonds are awarded up to 25 copies of the Final Official Statement. The County designates the Underwriter of the syndicate to which the Series 2016A Bonds are awarded as its agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Such Underwriter agrees that if its proposal is accepted by the County, (i) it shall accept designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Series 2016A Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

Dated July 5, 2016

BY ORDER OF THE COUNTY BOARD

/s/ Kevin Gray
County Administrator

**RESOLUTION OF THE BOARD OF COUNTY COMMISSIONERS OF ST.
LOUIS COUNTY, MINNESOTA, APPROVING OFFICIAL TERMS OF
OFFERING OF GENERAL OBLIGATION CAPITAL IMPROVEMENT
REFUNDING BONDS, SERIES 2016B**

BE IT RESOLVED, by the Board of County Commissioners (the "Board") of the St. Louis County, Minnesota (the "County"), as follows:

Section 1. The 2013A Bonds. Under and pursuant to Minnesota Statutes, Section 373.40 and Minnesota Statutes, Chapter 475, the County previously issued its \$20,650,000 General Obligation Capital Improvement Bonds, Series 2013A, dated September 5, 2013 (the "2013 Bonds"), to fund capital improvements pursuant to an approved capital improvement plan.

Section 2. Authority. Under and pursuant to the provisions of Minnesota Statutes, Chapter 475 (the "Act") and Section 475.67, Subd. 1 through 3 and 13 of the Act, the County is authorized to issue and sell its general obligation refunding bonds to refund the 2022 through 2033 maturities of the 2013 Bonds in advance of their scheduled maturities on an advance refunding basis, if consistent with covenants made with the holders thereof, when determined by the County to be necessary or desirable for the reduction of debt service cost to the County.

Section 3. The Bonds. The Board hereby finds and determines that it is necessary and desirable that in order to reduce debt service costs the County to issue, sell and deliver its General Obligation Capital Improvement Refunding Bonds, Series 2016B (the "Bonds"), in the approximate amount of \$15,535,000, to provide for (i) the refunding of the 2022 through 2033 maturities of the 2013 Bonds; and (ii) payment of the costs of issuance of the Bonds.

Section 4. Terms of Proposal. The County's administrative staff is hereby authorized and directed to work with Springsted Incorporated, independent financial advisor to the County, and Fryberger, Buchanan, Smith & Frederick, P.A., bond counsel, to solicit proposals and arrange for the sale of the Bonds in substantial compliance with the Terms of Proposal attached hereto as Exhibit A. Each and all of the terms and provisions set forth in the Terms of Proposal are adopted and confirmed as the terms and conditions of the Bonds and the sale thereof. Due to a rapidly changing bond market, the County Auditor, after consulting with the County's financial advisor and bond counsel, is authorized to modify the Terms of Proposal prior to accepting the proposals, including but not limited to rescheduling the sale or cancelling the sale. The proposals shall be received at the administrative office of Springsted Incorporated until 11:30 a.m. central time on August 8, 2016, and consideration for the award of the Bonds will be by the Board at 9:30 a.m. central time on August 9, 2016.

Section 5. Repayment of Bonds. The form, specifications and provisions for repayment of the Bonds shall be set forth in a subsequent resolution of the Board.

Section 6. Consideration of Proposals. The Board shall meet on August 9, 2016, in accordance with the Terms of Proposal, to consider proposals for the purchase of the Bonds and to take whatever actions are necessary for the acceptance or rejection of the proposals.

Adopted July 5, 2016.

EXHIBIT A

THE COUNTY HAS AUTHORIZED SPRINGSTED INCORPORATED TO NEGOTIATE THIS ISSUE ON ITS BEHALF. PROPOSALS WILL BE RECEIVED ON THE FOLLOWING BASIS:

TERMS OF PROPOSAL

\$15,535,000*

**ST. LOUIS COUNTY, MINNESOTA
GENERAL OBLIGATION CAPITAL IMPROVEMENT REFUNDING BONDS, SERIES 2016B**

(BOOK ENTRY ONLY)

Proposals for the Series 2016B Bonds will be received on Monday, August 8, 2016, until 11:30 A.M., Central Time, at the offices of Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota, after which time proposals will be opened and tabulated. Consideration for award of the Series 2016B Bonds will be by the County Board at 9:30 A.M., Central Time, of the following day, Tuesday, August 9, 2016.

SUBMISSION OF PROPOSALS

Springsted will assume no liability for the inability of the bidder to reach Springsted prior to the time of sale specified above. All bidders are advised that each proposal shall be deemed to constitute a contract between the bidder and the County to purchase the Series 2016B Bonds regardless of the manner in which the proposal is submitted.

(a) **Sealed Bidding.** Proposals may be submitted in a sealed envelope or by fax (651) 223 3046 to Springsted. Signed proposals, without final price or coupons, may be submitted to Springsted prior to the time of sale. The bidder shall be responsible for submitting to Springsted the final proposal price and coupons, by telephone (651) 223 3000 or fax (651) 223 3046 for inclusion in the submitted proposal.

OR

(b) **Electronic Bidding.** Notice is hereby given that electronic proposals will be received via PARITY®. For purposes of the electronic bidding process, the time as maintained by PARITY® shall constitute the official time with respect to all proposals submitted to PARITY®. Each bidder shall be solely responsible for making necessary arrangements to access PARITY® for purposes of submitting its electronic proposal in a timely manner and in compliance with the requirements of the Terms of Proposal. Neither the County, its agents nor PARITY® shall have any duty or Series 2016B Bond to undertake registration to bid for any prospective bidder or to provide or ensure electronic access to any qualified prospective bidder, and neither the County, its agents nor PARITY® shall be responsible for a bidder's failure to register to bid or for any failure in the proper operation of, or have any liability for any delays or interruptions of or any damages caused by the services of PARITY®. The County is using the services of PARITY® solely as a communication mechanism to conduct the electronic bidding for the Series 2016B Bonds, and PARITY® is not an agent of the County.

If any provisions of this Terms of Proposal conflict with information provided by PARITY®, this Terms of Proposal shall control. Further information about PARITY®, including any fee charged, may be obtained from:

PARITY®, 1359 Broadway, 2nd Floor, New York, New York 10018

Customer Support: (212) 849-5000

DETAILS OF THE SERIES 2016B BONDS

The Series 2016B Bonds will be dated as of the date of delivery and will bear interest payable on June 1 and December 1 of each year, commencing June 1, 2017. Interest will be computed on the basis of a 360 day year of twelve 30-day months.

The Series 2016B Bonds will mature December 1 in the years and amounts* as follows:

2022	\$1,165,000	2025	\$1,225,000	2028	\$1,300,000	2031	\$1,385,000
2023	\$1,185,000	2026	\$1,250,000	2029	\$1,325,000	2032	\$1,420,000
2024	\$1,200,000	2027	\$1,275,000	2030	\$1,350,000	2033	\$1,455,000

* *The County reserves the right, after proposals are opened and prior to award, to increase or reduce the principal amount of the Series 2016B Bonds or the amount of any maturity in multiples of \$5,000. In the event the amount of any maturity is modified, the aggregate purchase price will be adjusted to result in the same gross spread per \$1,000 of Series 2016B Bonds as that of the original proposal. Gross spread is the differential between the price paid to the County for the new issue and the prices at which the securities are initially offered to the investing public.*

Proposals for the Series 2016B Bonds may contain a maturity schedule providing for a combination of serial bonds and term bonds. All term bonds shall be subject to mandatory sinking fund redemption at a price of par plus accrued interest to the date of redemption scheduled to conform to the maturity schedule set forth above. In order to designate term bonds, the proposal must specify “Years of Term Maturities” in the spaces provided on the proposal form.

BOOK ENTRY SYSTEM

The Series 2016B Bonds will be issued by means of a book entry system with no physical distribution of Series 2016B Bonds made to the public. The Series 2016B Bonds will be issued in fully registered form and one Series 2016B Bond, representing the aggregate principal amount of the Series 2016B Bonds maturing in each year, will be registered in the name of Cede & Co. as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as securities depository of the Series 2016B Bonds. Individual purchases of the Series 2016B Bonds may be made in the principal amount of \$5,000 or any multiple thereof of a single maturity through book entries made on the books and records of DTC and its participants. Principal and interest are payable by the registrar to DTC or its nominee as registered owner of the Series 2016B Bonds. Transfer of principal and interest payments to participants of DTC will be the responsibility of DTC; transfer of principal and interest payments to beneficial owners by participants will be the responsibility of such participants and other nominees of beneficial owners. The purchaser, as a condition of delivery of the Series 2016B Bonds, will be required to deposit the Series 2016B Bonds with DTC.

REGISTRAR

The County Auditor of the County will serve as registrar for the Series 2016B Bonds.

OPTIONAL REDEMPTION

The County may elect on December 1, 2025, and on any day thereafter, to prepay Series 2016B Bonds due on or after December 1, 2026. Redemption may be in whole or in part and if in part at the option of the County and in such manner as the County shall determine. If less than all Series 2016B Bonds of a

maturity are called for redemption, the County will notify DTC of the particular amount of such maturity to be prepaid. DTC will determine by lot the amount of each participant's interest in such maturity to be redeemed and each participant will then select by lot the beneficial ownership interests in such maturity to be redeemed. All prepayments shall be at a price of par plus accrued interest.

SECURITY AND PURPOSE

The Series 2016B Bonds will be general obligations of the County for which the County will pledge its full faith and credit and power to levy direct general ad valorem taxes. The proceeds of the Bonds will be used to advance refund the December 1, 2022 through December 1, 2033 maturities of the County's General Obligation Capital Improvement Bonds, Series 2013A, dated September 5, 2013.

BIDDING PARAMETERS

Proposals shall be for not less than \$15,535,000 (Par) plus accrued interest, if any, on the total principal amount of the Series 2016B Bonds. No proposal can be withdrawn or amended after the time set for receiving proposals unless the meeting of the County scheduled for award of the Series 2016B Bonds is adjourned, recessed, or continued to another date without award of the Series 2016B Bonds having been made. Rates shall be in integral multiples of 1/100 or 1/8 of 1%. The initial price to the public for each maturity must be 98.0% or greater. Series 2016B Bonds of the same maturity shall bear a single rate from the date of the Series 2016B Bonds to the date of maturity. No conditional proposals will be accepted.

GOOD FAITH DEPOSIT

To have its proposal considered for award, the lowest bidder is required to submit a good faith deposit to the County in the amount of \$155,350 (the "Deposit") no later than 3:00 P.M., Central Time on the day of sale. The Deposit may be delivered as described herein in the form of either (i) a certified or cashier's check payable to the County; or (ii) a wire transfer. The lowest bidder shall be solely responsible for the timely delivery of their Deposit whether by check or wire transfer. Neither the County nor Springsted Incorporated have any liability for delays in the receipt of the Deposit. If the Deposit is not received by the specified time, the County may, at its sole discretion, reject the proposal of the lowest bidder, direct the second lowest bidder to submit a Deposit, and thereafter award the sale to such bidder.

Certified or Cashier's Check. A Deposit made by certified or cashier's check will be considered timely delivered to the County if it is made payable to the County and delivered to Springsted Incorporated, 380 Jackson Street, Suite 300, St. Paul, Minnesota 55101 by the specified time.

Wire Transfer. A Deposit made by wire will be considered timely delivered to the County upon submission of a federal wire reference number by the specified time. Wire transfer instructions will be available from Springsted Incorporated following the receipt and tabulation of proposals. The successful bidder must send an e mail including the following information: (i) the federal reference number and time released; (ii) the amount of the wire transfer; and (iii) the issue to which it applies.

Once an award has been made, the Deposit received from the lowest bidder (the "purchaser") will be retained by the County and no interest will accrue to the purchaser. The amount of the Deposit will be deducted at settlement from the purchase price. In the event the purchaser fails to comply with the accepted proposal, said amount will be retained by the County.

AWARD

The Series 2016B Bonds will be awarded on the basis of the lowest interest rate to be determined on a true interest cost (TIC) basis calculated on the proposal prior to any adjustment made by the County. The County's computation of the interest rate of each proposal, in accordance with customary practice, will be controlling.

The County will reserve the right to: (i) waive non-substantive informalities of any proposal or of matters relating to the receipt of proposals and award of the Series 2016B Bonds, (ii) reject all proposals without cause, and (iii) reject any proposal that the County determines to have failed to comply with the terms herein.

BOND INSURANCE AT PURCHASER'S OPTION

The County has not applied for or pre-approved a commitment for any policy of municipal bond insurance with respect to the Series 2016B Bonds. If the Series 2016B Bonds qualify for municipal bond insurance and a bidder desires to purchase a policy, such indication, the maturities to be insured, and the name of the desired insurer must be set forth on the bidder's proposal. The County specifically reserves the right to reject any bid specifying municipal bond insurance, even though such bid may result in the lowest TIC to the County. All costs associated with the issuance and administration of such policy and associated ratings and expenses (other than any independent rating requested by the County) shall be paid by the successful bidder. Failure of the municipal bond insurer to issue the policy after the award of the Series 2016B Bonds shall not constitute cause for failure or refusal by the successful bidder to accept delivery of the Series 2016B Bonds.

CUSIP NUMBERS

If the Series 2016B Bonds qualify for assignment of CUSIP numbers such numbers will be printed on the Series 2016B Bonds, but neither the failure to print such numbers on any Series 2016B Bond nor any error with respect thereto will constitute cause for failure or refusal by the purchaser to accept delivery of the Series 2016B Bonds. The CUSIP Service Bureau charge for the assignment of CUSIP identification numbers shall be paid by the purchaser.

SETTLEMENT

On or about September 8, 2016, the Series 2016B Bonds will be delivered without cost to the purchaser through DTC in New York, New York. Delivery will be subject to receipt by the purchaser of an approving legal opinion of Fryberger, Buchanan, Smith & Frederick, P.A., Duluth, Minnesota, and of customary closing papers, including a no-litigation certificate. On the date of settlement, payment for the Series 2016B Bonds shall be made in federal, or equivalent, funds that shall be received at the offices of the County or its designee not later than 12:00 Noon, Central Time. Unless compliance with the terms of payment for the Series 2016B Bonds has been made impossible by action of the County, or its agents, the purchaser shall be liable to the County for any loss suffered by the County by reason of the purchaser's non-compliance with said terms for payment.

CONTINUING DISCLOSURE

In accordance with SEC Rule 15c2-12(b)(5), the County will undertake, pursuant to the resolution awarding sale of the Series 2016B Bonds, to provide annual reports and notices of certain events. A description of this undertaking is set forth in the Official Statement. The purchaser's obligation to purchase the Series 2016B Bonds will be conditioned upon receiving evidence of this undertaking at or prior to delivery of the Series 2016B Bonds.

OFFICIAL STATEMENT

The County has authorized the preparation of a Preliminary Official Statement containing pertinent information relative to the Series 2016B Bonds, and said Preliminary Official Statement will serve as a nearly final Official Statement within the meaning of Rule 15c2-12 of the Securities and Exchange Commission. For copies of the Preliminary Official Statement or for any additional information prior to sale, any prospective purchaser is referred to the Municipal Advisor to the County, Springsted Incorporated, 380 Jackson Street, Suite 300, Saint Paul, Minnesota 55101, telephone (651) 223-3000.

A Final Official Statement (as that term is defined in Rule 15c2-12) will be prepared, specifying the maturity dates, principal amounts and interest rates of the Series 2016B Bonds, together with any other information required by law. By awarding the Series 2016B Bonds to an underwriter or underwriting syndicate, the County agrees that, no more than seven business days after the date of such award, it shall provide without cost to the sole underwriter or to the senior managing underwriter of the syndicate (the "Underwriter" for purposes of this paragraph) to which the Series 2016B Bonds are awarded up to 25 copies of the Final Official Statement. The County designates the Underwriter of the syndicate to which the Series 2016B Bonds are awarded as its agent for purposes of distributing copies of the Final Official Statement to each Participating Underwriter. Such Underwriter agrees that if its proposal is accepted by the County, (i) it shall accept designation and (ii) it shall enter into a contractual relationship with all Participating Underwriters of the Series 2016B Bonds for purposes of assuring the receipt by each such Participating Underwriter of the Final Official Statement.

Introduction - St. Louis County Capital Improvement Program Fiscal Years 2016 – 2020

Each year, as an integral part of its annual budget process, St. Louis County updates its Capital Improvement Program plan. The Capital Improvement Program (CIP) is a plan that matches the county's major capital needs regarding long-term physical asset development with the financial ability to meet these needs in a manner that attempts to better ensure the effective and efficient provision of government services and operations while maintaining a strong county infrastructure. The county's CIP identifies projects that have been designed to support existing or projected needs in the following areas: transportation infrastructure (roads and bridges), county facilities, land improvement/development/acquisition, equipment purchases, and technology. CIP projects require a total expenditure of at least \$100,000 and must provide for or extend the useful life of the asset for at least 5 years.

The CIP is vital to the county because it is the principal planning tool designed, and utilized strategically, to achieve growth and development as envisioned in the county's Departmental Business Plans. The county strives to balance debt issuance with current property tax levels for capital projects in a concerted effort to minimize tax burden while at the same time better aligning the organization to meet the ever changing demands placed upon local governments.

In so doing, the county maintains its strong financial standing, achieving an AA+ rating from Standard and Poor's rating services in 2013, 2014 and 2015. Further, the county continually strives to more effectively and completely integrate its capital and operating budgets; as such it is as a tool to balance capital needs and associated operating cost implications.

Through a detailed process of prioritization, project selection, and implementation detail, the CIP serves to guide the use of the limited resources that are available for capital projects. By providing a planned schedule, cost estimates, location of public sector improvements, project rationale, operating budget implications, and energy conservation considerations, the CIP provides local elected officials and the public with valuable information concerning proposed public facilities, transportation infrastructure, technology and capital equipment needs and their associated costs; while at the same time providing private sector decision makers with valuable information upon which to base investment decisions. Ultimately, the county will benefit from the coordination of orderly and efficient programs of private and public investment intended to maximize outside revenue sources and effectively plan for the growth and maintenance of the county's infrastructure.

Goals of the CIP

The CIP is prepared in consideration of two major goals:

1. To address the County's immediate and long-term capital needs, the CIP is guided by the following priorities, which were adopted by the County Board of Commissioners in 2007:

- Maintaining a strong county infrastructure (buildings, equipment, information infrastructure and personnel) in order to protect the County's investment.
- Expanding the tax base in a way that will benefit the health and well-being of citizens.
- Managing and encouraging orderly growth in coordination with other units of government and the private sector to promote a healthy local economy.
- Providing County services in the most efficient, effective and safe manner.

- Maintaining and improving a healthy, viable ecosystem and the community's quality of life.

2. To explore all feasible funding sources (as time and resources permit) in order to finance the County's capital needs.

Funding Priorities: Projects with the following characteristics are given priority for funding:

- Maintenance and/or improvement of the county's infrastructure
- Enhancement of County service delivery.
- Public health and public safety – prevents or corrects a major health or safety hazard.
- Legal requirements – clearly demonstrates a mandate by State or Federal law.
- Economic development – directly increases net annual revenues and creates indirect community wealth, i.e. jobs, business retention, etc.
- Budget impact – reduces operating costs or is eligible for available funding sources.
- Relationship to other projects – completes a project that is underway or advances the effectiveness of another project.
- Implementation of Business Plans or governing body policies – directly referenced in existing plan or policy or is essential to the implementation of programs adopted by the Board of Commissioners.
- Joint use – combines two or more projects resulting in immediate or future savings.

Relationship of the CIP to the Operating Budget

The operating budget and the CIP are closely related. The CIP is a plan that matches the County's major capital needs with the financial ability to meet them. As a plan, it is subject to change, however, a sound and reliable CIP is an invaluable planning tool that serves to aid the process of maintaining the good financial health of the County. That said, the CIP remains a living document that provides a constant reference point for broad ranging organizational discussions relating to the intrinsic relationship of capital infrastructure to the operation and mission of the county as expressed in the exploration of program and service delivery modalities, the increasing need for organizational efficiencies, downward budgetary pressures from state and federal sources, and increased burdens on tax payers. As local governments are forced to evolve in a climate trending toward increasing budgetary restriction, the continued refinement of strategies that integrate all elements of an organization into any decision-making matrix is paramount to the effective provision of government services in this day and age.

CIP projects that are proposed to be funded by General Fund revenues are intended to be included in the Budget in the appropriate year(s). Even so, because circumstances may change between the adoption of the CIP and the Budget, CIP projects must be resubmitted as part of each department's annual budget request, a step which promotes additional review of project details in light of new budget realities. Funds for such projects are not available unless and until they are included in the budget approved by the County Board of Commissioners.

The completion of capital projects directly impacts a department's operating budget as projects are completed and require maintenance and upkeep. Also, some facilities may require additional staffing and utilities, such as electricity and water, above current levels. Or, conversely, some departments may find that capital investments will positively impact their operating budget through energy conservation, strategic co-locations, and other operational impacts that influence how departmental resources are utilized. County-wide strategies which are moving the organization toward energy efficiency, co-located departments, consolidated

customer service centers, and the like are continually influencing CIP decision-making in a manner that seeks to improve rather than detract from operational budgets. Said impacts may not be readily evident when projects are funded and are constructed over several years. Consequently, the impacts of capital projects on the annual operating budget are estimated when available. Most projects will not have an operating impact in the year during which they are funded, thus continual tracking of associated costs on operations due to completed CIP projects feeds back into the decision-making process on CIP projects under consideration. Efforts in the area of tracking project cost payback due to energy efficiencies or other cost saving measures, which have been engineered into a CIP project, can prove to be a cost-saving measure for the county over time. Additionally, over the past two years the county has been implementing an asset management system to define and provide estimates for infrastructure needs to further aid in the development of a capital investment strategy that reduces operating costs over time while maximizing the direct impact of project funding.

CIP Strategy, Review & Adjustment

In an effort to further the integration of capital and operating budgets while defining appropriate levels of capital infrastructure investment, St. Louis County Administration Department has worked together with the Auditor's Office, Sheriff's Office, Public Works, Property Management, information Technology, Land and Minerals, Environmental Services and the Planning & Community Development departments to strategically improve the CIP process by bringing it into closer alignment with overall county strategies as represented in the Board of Commissioner's key priority areas as stated above.

Strategic CIP efforts have included:

- Working with Public Works to streamline its CIP submission process by building on their 10-year State Transportation Improvement Plan, developing a new project submission form that aligns with their road and bridge asset management system, and implementing a common asset management system for facilities that includes Facility Condition Index ratings for each facility as a key facility performance indicator county-wide. Public Works completed asset management assessments of its buildings in 2014. Property Management will run the asset management system for all Property Management and Public Works facilities.
- Working with Property Management more closely on submissions so that prioritization, energy efficiency, building life cycle management, facility integrity, departmental lease costs (for office space), co-locations of departments/functions, safety/security, and project decision-making happens in advance of bonding cycles and in-line with broad county facility goals. As mentioned above, the county purchased and implemented an asset management system that assists the Property Management Department (and other participating county departments with facilities) to more effectively track and measure facility and system life cycles, manage energy consumption and measure facility efficiency, replacement and/or improvement cost. This system will in turn promote more effective alignment of capital improvement needs with operating budget realities by providing a tool to measure the impact of capital investment on facility integrity and departmental operational budgets.
- Working with the Auditor's Office to continue to improve the information collected as part of the annual update to the CIP so as to provide the most solid basis for bond work possible.

- Working with the Information Technology and Planning and Community Development departments to include a technology section in the CIP. This inclusion provides for large-scale infrastructure projects and systems such as our Land Records Portal.
- Working with all departments on CIP submission to enhance the information provided.
- County Administration has been working closely with departments to identify more customer-friendly interface options for county facilities, which would serve to ensure public and employee safety, create a welcoming center for the delivery of county services, promote inter-departmental synergies across like or complementary service areas, and provide for more effective and efficient utilization of current county facilities. Such projects include the Public Health and Human Services Department's centralized client intake centers (Duluth, Ely, Hibbing), the property/planning/records/taxation customer center (Virginia), and other projects that encourage collaboration and enhance customer service.
- Changes in the CIP submission form included the addition of Energy Conservation Considerations, a building Facility Condition Index rating, project payback information, project prioritization and rationale, and an asset life cycle determination for all projects related to facilities.
- Additional strategic CIP submission form changes include the requirement to provide the date of the last project cost estimate update to ensure more accurate cost estimation or to trigger the cost estimate updates; and guidance to county departments to select "other" as the funding sources on the form to trigger discussion on potential funding sources, strategies, and other considerations at present undefined.

Financial Assumptions

The FY 2016-2020 CIP has been prepared with the following financial assumptions:

- A bond issuance in July 2016 for additional Transportation Improvement Plan projects funded with dedicated revenue from the Transportation Sales Tax is included.
- A bond issuance in late 2017/early 2018 for building projects proposed in this CIP amendment. The bond schedule will continue to change based on project need and financial realities.
- All contributions from the General Fund have been incorporated into actual 2016 and proposed 2017-2020 forecasted budgets for this update. Projects funded through contributions from the General Fund include transportation and operations infrastructure (buildings, roads and bridges). The planned contributions are included in the five year projection for financial planning purposes. However, funds for such projects will not be available unless and until they are approved by the Board of Commissioners. As such, contributions to specific projects in later years are subject to change.

Criteria for Inclusion in the CIP

Conformance with Chapter 383C

Chapter 383C of the Minnesota State Statutes contains laws that are specific to St. Louis County. In 1989, the legislature amended this chapter by including a provision allowing St. Louis County to develop and implement a capital improvement program. The 2016-2020 Capital Improvement Program is intended to fulfill this statutory authority.

Conformance with Chapter 373.40 Criteria

Chapter 373.40 requires the County to prepare its capital improvement program (CIP) consistent with the eight criteria contained in Section 2, Subdivision 3 of Chapter 373.40. The information required is summarized below for each of the eight criteria.

Condition of the County's Infrastructure

St. Louis County's infrastructure includes roads and bridges, three court houses, office buildings, highway maintenance facilities, and landfill service stations and the like totaling 170 structures, 3,000 miles of road and 601 bridges. The condition of the infrastructure is reviewed on an annual basis. The CIP contains several projects that are intended to upgrade and preserve these facilities in-line with the Board of Commissioner's strategic focus area *Strong County Infrastructure*. Additionally, proactive management, upgrade and maintenance of county facilities directly translates to cost-savings overall when facilities and infrastructure investments are planned and implemented as part of an overall county asset management strategy.

The Likely Demand for the Improvement

All the improvements proposed in the CIP have been evaluated for alternative actions including the "do nothing" alternative. Also, the CIP projects for each department are reviewed by the County Administrator's Office to ensure that each project is designed to meet a future demand of the public and the county. County efforts to develop and implement broad infrastructure improvements are continually refined in light of overall budget strategies, staffing and service efficiencies, asset condition/life cycle, energy efficiency, existing long-range plans, present cost-effectiveness, projected financial implications, and Board of Commissioner's key priority areas.

Estimated Costs of the Improvements

The County's CIP process requires each project's cost estimate to be as accurate as possible at the time the project is proposed and, additionally, that a project description form be submitted with each project estimate. The process requires annual review and updating of each non-capital budget item. The continual review of project cost estimates, as a practice, is a critical component of the county's strategy for CIP decision-making and implementation. On-going collaborative planning between Administration and other county departments will be further enhanced by the integration of the county's new facility asset management system into the cost estimation process made possible by virtue of system tools and data informed by continually updated *RS Means* construction cost estimation matrix (market based national construction cost index).

Available Public Resources

St. Louis County has examined all potential funding alternatives to each proposed project, and has carefully protected its ability to borrow funds for infrastructure projects. The County's low level of direct debt is evidence of the success of this policy. The County Board reviews the level of direct debt on a regular basis and strives to maintain direct debt at a consistently low level. Additional consideration has been and will continue to be given to expanded bonding opportunities and strategies, which may, in turn, provide for accelerated project implementation

in cases where current market conditions matched with internal county operational strategies and infrastructure requirements may indicate a favorable congruence for such investment initiatives. The transportation sales tax approved by the County Board in December 2014 is an example of a new revenue source directed to critical transportation projects.

The Level of Overlapping Debt in St. Louis County

The CIP contains information required by Subdivision 3 of Chapter 373.40, and the process is mindful of the impacts of overlapping debt. The CIP process includes an analysis of the financial and property tax ramifications for all projects proposed for general obligation bond funding.

Relative Costs and Benefits of Alternative Uses of Funds

The CIP process requires each department to evaluate alternatives to the proposed project, as well as alternative funding for each identified project option. The CIP process further requires that the County Administrator's Office review all proposed projects to ensure that the financing options are viable and all encompassing. All projects are evaluated for lease financing versus other financing options. The county's capital infrastructure needs exceed available resources, and the county is always forced to make choices among numerous projects. Thus, careful consideration of county-wide as well as departmental priorities and strategies are a must, and as currently expressed, the CIP process allows for an open debate of the relative costs and merits of each major project. During said debates, alternative means of producing the resources necessary to complete a given project may emerge as a viable alternative to the use of bond proceeds for capital improvements.

Operating Costs of the Proposed Improvements

The CIP process requires that each department and the County Administrator's Office examine the estimated annual operating cost for each proposed project. Projects are reviewed for their impacts on utility costs, employee safety and productivity, number of employees, and any other factor that would have a negative impact on the County's general fund or require substantial increases in fees charged to facility users. County Administration continually strives to align capital improvement needs with the regular operations of the county as an organization. The impact of capital projects on the operating budget can be severe and as such Administration works to thoroughly examine all impact areas and to develop viable methods to provide for the impact of said projects; and, in some case, to eliminate projects from the CIP due to adverse and/or cost-ineffective project proposals. Throughout the project review process, deference is given to the tempering impacts of current budgetary realities, overarching strategies and priorities of elected officials, current departmental business plans, and defined needs in light of all of the preceding elements.

Alternatives for Providing Services More Efficiently Through Shared Facilities with Other Counties or Local Units of Government

The CIP process requires each department to examine alternatives that involve the use of shared facilities. The County Administrators' Office provides a final review to ensure that each CIP and annual capital budget item has been thoroughly reviewed for use with existing facilities in other governmental jurisdictions, and for opportunities for sharing new facilities.

The county is continuing to seek methods to improve inter-departmental synergies for internal management and external service functions, and has been making great strides in this direction over the last year. Property Management, with its asset management system, is working to eventually include all county facilities such as those serving Public Works, Land & Minerals, and Environmental Services departments' functions/needs. As a policy, the St. Louis County Board

of Commissioners has directed the county Property Manager to work toward housing all county departments in county facilities. The cost-benefit analysis of using external leases versus housing county departments in county facilities has shown that the latter is more cost-effective for the taxpayers of St. Louis County. With the completed Duluth Government Service Center remodel, the goal of eliminating leases and centrally locating county services has largely been accomplished for offices/services in Duluth, and only the renovation/replacement of the Northland Office Center in Virginia will remain to fully meet this policy directive.

St. Louis County FY 2016-2020 Capital Improvement Program

Procedures

For each proposed capital improvement project, departments are required to complete a CIP inventory form. These forms provide both general background information pertaining to the projects and detailed information, which is used to evaluate the projects. The projects are compiled by Property Management. Using the inventory forms as a basis for its review, a preliminary list of items is produced. Final approval and authorization comes from the County Board.

In order to provide direction and conformity in compiling the CIP, it is essential that policies and guidelines are identified to direct county decisions regarding physical improvements and the sources of funding to be utilized. In prior budgets and related documents, the St. Louis County Board has identified the following policies regarding capital budgeting:

Capital Improvement Budget Policies

- The county makes all capital improvements in accordance with an adopted capital improvement program.
- The county develops a multi-year plan for capital improvements and updates it annually.
- The county enacts an annual capital budget based on the multi-year capital improvement plan. Future capital expenditures necessitated by changes in population, real estate development, or economic base are reviewed and included in capital budget projections.
- The county coordinates development of the capital improvement budget with development of the operating budget. Future operating costs associated with new capital improvements are projected and included in operating budget forecasts.
- The county uses intergovernmental assistance to finance only those capital improvements that are consistent with the adopted capital improvement plan and county priorities in which operating and maintenance costs have been included in operating budget forecasts.
- The county maintains its assets at a level adequate to protect its capital investment and minimize future maintenance and replacement costs.
- County staff identifies the estimated costs and potential funding sources for each capital project proposal before it is submitted to the county board for approval.
- Expenditures must be a minimum of \$100,000.
- Equipment purchases must have a minimum life of five years.
- The county determines the least costly financing method for all new county projects.
- Each capital project should be fully justified in terms of reducing operating costs, improving quality or quantity of service, adhering to appropriate regulations, protecting the health and safety of employees or clients, or meeting a clearly demonstrated demand for a service.
- There should be a thorough review of alternative actions to the proposed project

including the development of shared facilities, the use of non-county services or methods to meet the need, or the use of non-capital alternatives.

- Each capital project should be reviewed to determine the amount of coordination required between county departments and with non-county agencies to implement the project.
- Projects should be evaluated regarding possible deferment to a later date if such action would not adversely affect the program.
- All auxiliary costs, such as site development, utilities, or parking, must be considered as part of the capital project.
- With the exception of the Land& Minerals, Environmental Services, and Public Works departments, the Property Management Department will serve as the Capital Improvement Construction Management Unit for county facilities in St. Louis County. All Department of Public Works road and bridge projects will be managed by the Department of Public Works in coordination with the Administrator's Office. All departments are instructed to coordinate capital improvement projects with the Director of Property Management.

Debt Policies

- The county maintains its ability to support current debt and incur additional debt at minimal interest rates and in the amounts required for infrastructure and other capital assets without endangering the ability of the county to finance essential services.
- Projects should be evaluated regarding possible deferment to a later date if such action would not adversely affect the program.
- Debt is used sparingly and only after other means of financing are fully investigated.
- No debt which becomes an obligation of the county or any of its agencies may be issued for a term longer than the reasonably expected useful life of the asset being funded, but in no event for longer than 25 years for real property or 10 years for equipment.
- The proceeds of all debt issues must be expended in compliance with all applicable state and federal laws and rules and in conformity with all covenants of the issue. Such laws, rules, and covenants must be strictly construed.
- No debt may be issued to fund normal operations of the county or any of its agencies. This does not exclude the possibility of issuing Tax Anticipation Notes as a financial and investment strategy.
- Debt must not be issued in excess of any statutory limit. The county must strive to keep the total debt burden of the county when measured as a percent of taxable market value from exceeding the median of similarly sized counties in the nation based upon figures available at the time of authorizing the issuance.
- Property tax supported debt including capital notes must not be issued beyond the point where annual debt service levy demands exceed 10% of the property tax levy (including HACA and disparity aid).
- The county must avoid, where possible, the issuance of general obligation debt by utilizing available funds, reserves, and revenue or other types of issues.

CIP Process

The CIP process begins at the beginning of the year (January) with a request to county departments for modifications, updates, additions or deletions from the previous CIP as part of the budget process. Detailed instructions for submission are provided by the Administration Department to guide the preliminary submission process, and, once complete, are followed up by in-depth project discussions, board workshop(s), public hearing and formal adoption of the CIP (updated) each year.

Implementation Rate

Not all projects included in the 2016 capital budget will be completed during the budget year. Many projects require coordination with other agencies and businesses. St. Louis County accounting policies allow for carry forward of encumbered funds to allow for completion of projects started in one year but not finalized.

CIP Format

The 2016-2020 Capital Improvement Program comprises four major areas for capital improvement: roads and bridges, equipment, facilities, and technology. The project description form provides a brief description of the project and its location, the underlying purpose and justification for the project, estimated impacts on the operating budget, energy conservation considerations (if applicable), implementation details (date), funding source, cost breakdown and total project cost (estimates).

2016-2020 CIP by Category & Department

Environmental Services

The Solid Waste Fund accounts for the management and operations of solid waste activities in St. Louis County outside of the Western Lake Superior Sanitary District Service area. The fund includes general management of solid waste activities, recycling, canister sites, transfer stations, demolition facilities, household hazardous waste, and landfill operations.

The CIP projects for this category include:

Environmental Services	2016	2017	2018	2019	2020	TOTAL
Leachate Filtration Construction - Virginia	\$1,610,000	\$350,000	\$150,000			\$2,110,000
Landfill Closure/Cell Construction	\$580,000	\$1,850,000	\$630,000			\$3,060,000
Total Environmental Services	\$2,190,000	\$2,200,000	\$780,000	\$0	\$0	\$5,170,000

Adequate cash flows are available in the Solid Waste Fund accounts to deliver the projects shown. The Environmental Services Department has provided cash flow analyses for the revenue that tie to each project.

Technology

This section includes planned technology investments submitted by the Information Technology (IT) Department and the Planning and Development Department. These investments are required to support continued improvements in client service and employee productivity.

Information Technology/Planning and Development	2016	2017	2018	2019	2020	TOTAL
Data Center Storage Area Network (SAN)		\$100,000	\$200,000	\$150,000		\$450,000
Enterprise Applications and Interfaces	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000	\$500,000
IT/GIS Enterprise Geospatial Data Infrastructure	\$100,000	\$100,000	\$100,000	\$100,000	\$100,000	\$500,000
IT Client Management Software	\$150,000					\$150,000
Primary Data Center SAN Hardware Refresh	\$450,000					\$450,000
Disaster Recovery SAN Hardware Refresh		\$400,000				\$400,000
Accounts Payable Automation Project	\$250,000	\$50,000				\$300,000
Contract Lifecycle Management		\$250,000				\$250,000
Land Management Software Systems Replacement		\$250,000				\$250,000
Project Lifecycle Management	\$150,000					\$150,000
Total Information Technology/Planning & Development	\$1,200,000	\$1,250,000	\$400,000	\$350,000	\$200,000	\$3,400,000

Property Management Facilities Capital Projects

Projects initiated under this category include improvements aimed at maintaining the life cycle and integrity of all county-owned facilities, reducing operating or maintenance costs through initiatives such as renewable solar energy production, energy efficiency projects, acquiring new/additional office space, providing a safe and productive work environment, and ensuring safe access for the public.

The following table illustrates the wide range of planned property management capital projects:

Property Management Facilities	2016	2017	2018	2019	2020	TOTAL
Preventive Maintenance as Required by VFA	\$98,250		\$1,825,000	\$2,075,000	\$2,075,000	\$6,073,250
Virginia AEOA/RMHC Office Building	\$1,000,000	\$2,000,000	\$17,500,000	\$8,400,000		\$28,900,000
Virginia Area Office Building Renovation/Replacement	\$875,000	\$875,000	\$11,125,000	\$2,125,000		\$15,000,000
Virginia Motor Pool - Solar Power Install	\$95,500					\$95,500
Virginia Courthouse - HVAC/Roof Replacement	\$1,071,000	\$400,000				\$1,471,000
Rescue Squad Cold Storage Building - Pike Lake Campus	\$375,000					\$375,000
A. P. Cook Building Renovation	\$2,027,000					\$2,027,000
Jail Building Automation System	\$21,000	\$390,000	\$250,000			\$661,000
Duluth Downtown Parking Lot Repairs		\$75,000	\$825,000			\$900,000
Duluth Parking Ramp Repairs	\$300,000					\$300,000
Hibbing Annex Motor Pool Carport Solar Power Install	\$112,170					\$112,170
Ely GSC Roof Replacement & Solar Power Install	\$200,000					\$200,000
Courthouse Security Projects	\$280,000	\$90,000				\$370,000
Public Safety Campus - Storage Building Roof/Siding		\$600,000				\$600,000
Total Property Management Facilities	\$6,454,920	\$4,430,000	\$31,525,000	\$12,600,000	\$2,075,000	\$57,084,920

Sources of revenue include property tax, fees, interest earnings, unrestricted grants and aids, and other forms of unrestricted local income. Actual expenditures are based on the costs of the projects and the use of carry-over balances.

Public Works Facilities Improvements

These projects consist of constructing or maintaining the garages, shops and support facilities used by the Public Works Department in performing road and bridge construction and maintenance activities. They are aimed at reducing the operating and maintenance costs through energy savings, extending the lives of the facilities, and reducing the degradation to facilities.

Public Works Facilities	2016	2017	2018	2019	2020	TOTAL
Preventive Maintenance as Required by VFA	\$500,000	\$500,000	\$500,000	\$500,000	\$500,000	\$2,500,000
District 4 New Facility	\$1,630,000	\$540,000	\$12,990,000			\$15,160,000
District 6 New Facility				\$10,000,000		\$10,000,000
Total Public Works Facilities	\$2,130,000	\$1,040,000	\$13,490,000	\$10,500,000	\$500,000	\$27,660,000

Public Works Road and Bridge

Projects under this category are road construction, maintenance overlays, and bridge construction and repairs financed through various sources including local funds, state and federal aid.

St. Louis County is responsible for over 3,000 miles of road and 601 bridges over ten feet in length. The St. Louis County Public Works Department annually updates their 10-Year Project Plan of all construction and repairs projects. Projects are completed either by county Road and Bridge Maintenance crews or through a competitive bidding process.

St. Louis County bonded for \$40 million in 2015 using Transportation Sales Tax funding to pay back the bonds over a 15 year period at approximately \$3.5 million per year. This \$40 million in bonding will be fully invested in the road and bridge network in the 2015 and 2016 construction years. St. Louis County intends to bond for an additional \$25 million in 2016 to invest in projects during the 2017 and 2018 construction years. This additional bonding will also be paid back over a 15 year period using Transportation Sales Tax revenues.

Local, state and federal funding for St. Louis County averages over \$30,000,000 per year before consideration of the additional projects funded by the Transportation Sales Tax. Projects open for bid, under construction, or completed in the current year can be reviewed on the Public Works Department home page at:

<http://www.stlouiscountymn.gov/GOVERNMENT/DepartmentsAgencies/PublicWorks.aspx>.

Public Works Roads and Bridges	2016	2017	2018	2019	2020	TOTAL
Road and Bridge Projects Summary	\$76,935,086	\$57,607,115	\$37,799,046	\$41,199,382	\$37,320,039	\$250,860,668
Total Public Works Roads and Bridges	\$76,935,086	\$57,607,115	\$37,799,046	\$41,199,382	\$37,320,039	\$250,860,668

2016-2020 CAPITAL IMPROVEMENTS PROGRAM SUMMARY

Department	2016	2017	2018	2019	2020	TOTAL

*Transportation Sales Tax Bonding and Pay-As-You-Go are combined and shown under the TST category on the individual forms provided in this CIP amendment.

**Projects may be added to specific years from the Transportation Improvement Plan as revenue allows.

Special Sale to the Duluth Housing and Redevelopment Authority

BY COMMISSIONER _____

WHEREAS, The Duluth Housing and Redevelopment Authority (HRA) has requested to purchase the following described state tax forfeited lands for the market value of \$12,000, plus fees, for the purpose of economic development:

Legal: City of Duluth
TRACT C RLS NO. 50
Parcel Code: 010-3907-00030
LDKey: 117270

Legal: City of Duluth
LOT: 0007 BLOCK: 002
GLEN AVON 9TH DIVISION OF DULUTH
Parcel Code: 010-1910-00180
LDKey: 101587

Legal: City of Duluth
EX N 40 FT OF S 120 F LOT 8 BLOCK 1
LEMAGIE PARK DIVISION OF DULUTH
Parcel Code: 010-2810-00060
LDKey: 102771

WHEREAS, Minn. Stat. § 282.01, Subd. 1(a) authorizes the sale of state tax forfeited land to an organized governmental subdivision for any public purpose for which the subdivision is authorized to acquire property; and

WHEREAS, These parcels of land has not been withdrawn from sale pursuant to Minn. Stat. §§ 85.012, 92.461, 282.01, Subd. 8, and 282.018, and other statutes that require the withholding of state tax forfeited lands from sale; and

WHEREAS, These parcels of land have been classified as non-conservation land pursuant to Minn. Stat. § 282.01; and

THEREFORE, BE IT RESOLVED, That the St. Louis County Board approves the sale of approximately 1.2 acres of state tax forfeited land, as described, to the Duluth HRA for the market value of \$12,000 plus the following fees: 3% assurance fee of \$360, deed fee of \$25, deed tax of \$39.60, recording fee of \$46 and appraisal fee of \$800, for a total of \$13,270.60 to be deposited into Fund 240 (Forfeited Tax Fund).

RESOLVED FURTHER, That the St. Louis County Auditor may offer for sale at public auction the state tax forfeited land described here if the Duluth HRA does not purchase the land by December 31, 2016.

Duluth, Minnesota 55802

Re: Acquisition and Conveyance

Ms. Zeisler,

This letter is requesting consideration again on the acquisition and conveyance of the tax forfeit property located at the following tax identification description by the Housing and Redevelopment Authority of Duluth (“HRA”) to be included for land development.

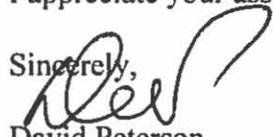

PID 010-3907-00030
PID 010-1910-00180
PID 010-2810-00060

This property was requested in September of 2014 and the County Board approved the sale in July of 2015. After the county approval of the sale and as the HRA moved forward with doing the public hearing on the property a citizen filed civil suit against the HRA’s action. Those legal issues have been resolved just a short time ago with the courts dismissing the action by the plaintiff. This property will be integrated into the Children’s Home Campus.

We would like to move forward with the original approval.

I appreciate your assistance.

Sincerely,

David Peterson
Development Coordinator

cc: Kimberly Brzezinski
